Attention: Mr. Ray Sukys

Dear Mr. Scovill and Mr. Sukys:

With this letter and pursuant to the authority delegated to me, I approve the following Amendment of the Southern California Association of Governments (SCAG) 2000/01-2002/03 Federal Transportation Improvement Program (FTIP). This Amendment is an update of SCAG's Regional Transportation Improvement Program (RTIP) and was developed to comply with federal and state requirements.

No.	Description
2001 RTIP	**State Highway, Local Highway, and Transit Elements**

- Adds, modifies or deletes various projects with various funding sources in Imperial, Los Angeles, Orange, Riverside, San Bernardino, and Ventura counties. See enclosure.

I am also recommending that the Federal Highway Administration and the Federal Transit Administration approve this FTIP Amendment for inclusion into California's 2000/01-2002/03 Federal Statewide Transportation Improvement Program (FSTIP). Projects included in this FTIP in fiscal years beyond the three-year cycle of the current FSTIP are not approved as part of this FTIP Amendment and are for information only.

The updated programming is for project types within Tables 2 & 3 - Exempt Projects, of 40 CFR § 93.126 that are exempt from the conformity determination requirement, or have been found by the SCAG to conform to applicable air quality regulations. This FTIP Amendment is consistent with the State Implementation Plan. The financial impacts of this FTIP Amendment are compatible with anticipated revenues in the FSTIP Financial Plan and do not significantly affect the overall financial analysis.

In accordance with existing law, public involvement procedures are a part of the project selection process. The SCAG prepared this FTIP Amendment under that process permitting citizens, affected local agencies, other public agencies, and other interested parties reasonable opportunity for comment. This FTIP Amendment is exempt from the State Intergovernmental Review (IGR) process.

Please address any questions on this FSTIP approval request to Rambabu Bavirisetty of my staff at (916) 654-3521.

Sincerely,

JIM NICHOLAS
Chief
Division of Transportation Programming
