Dear Mr. Ikhata:

The Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) are pleased to distribute the final report for the quadrennial certification review of the transportation planning process for the Southern California Association of Governments' (SCAG) metropolitan planning area. The result of the review is that the FHWA and FTA jointly certify that SCAG's transportation planning process meets requirements of 23 Code of Federal Regulations (CFR) § 450, and all other applicable requirements. This certification is valid for four years from the date indicated on the final report.

We would like to thank you and your staff for the time, efforts, and assistance provided throughout the certification review process. If you would have questions or require additional information pertaining to this assessment, please contact Michael Morris of the FHWA California Division Cal-South office at (213) 894-4014, or by email at michael.morris@dot.gov; or Ted Matley of the FTA Region IX office at (415) 744-2590, or by email at ted.matley@dot.gov.
