**ACTION ITEMS**

2. **SB 1465 (De Leon) – Public Contracts: 2024 Olympic Games and Paralympic Games**

Jeff Dunn, Senior Legal Analyst, stated that contingent upon the selection of Los Angeles as the Host City for the 2024 Olympic and Paralympic Games, SB 1465 establishes an Olympic Games Trust Fund and authorizes the Governor to sign agreements that would make the state jointly liable with the Organizing Committee for the Olympic Games for any financial deficit relating to the Games. Mr. Dunn further stated that the state’s potential liability is capped at $250 million, and is a last resort that is only triggered after a significant list of contingencies. Staff recommends support, consistent with Board adopted 2016 legislative priorities to support new sources of funding for transportation infrastructure, which is expected if Los Angeles hosts the 2024 Olympic and Paralympic Games.

A MOTION was made (Hagman) to support SB 1465 (De Leon) – Public Contracts: 2024 Olympic Games and Paralympic Games. The MOTION was SECONDED (Lorimore) and APPROVED by a majority vote. A roll-vote was taken and recorded as follows:

**AYES:** Becerra, Finlay, Hagman, Lorimore, Martinez, Mitchell, Murray, Pettis, Viegas-Walker, Wapner

**NOES:** Steel

**ABSTAIN:** Clark

3. **Logo Re-Design and Branding**

Darin Chidsey, Director of Strategy, Policy & Public Affairs, stated that at SCAG’s 2016 General Assembly and Regional Conference, the Regional Council recommended that the Logo Re-Design Committee reconvene to look at other options for SCAG’s new logo re-design. The consultant team, One Eighteen, along with staff, provided additional options for consideration.

A MOTION was made (Pettis) to recommend to the Regional Council four (4) new options for SCAG’s Logo Re-Design at its July 2016 meeting. The MOTION was SECONDED (Daniels) and APPROVED by a majority vote. A roll-call vote was taken and recorded as follows:

**AYES:** Clark, Daniels, Finlay, Hagman, Mitchell, Murray, O’Connor, Pettis, Viegas-Walker, Wapner

**NOES:** None

**ABSTAIN:** None

4. **2016 General Assembly Survey Results**

Jeff Liu, Manager of Communications, stated that SCAG’s 2016 General Assembly and Regional Conference was a great success. At the conclusion of the event, staff sent an online evaluation to attendees and sponsors. The majority of the responses were positive and consistent with the favorable
Legislative/Communications & Membership Committee Minutes

verbal feedback staff received during and after the event. Mr. Liu provided an overview of the survey report, which outlines key evaluation findings and recommends next steps for the 2017 conference.

5. FY 16-17 California Budget

Jeff Dunn, Senior Legislative Analyst, provided an overview of the FY 16-17 California Budget, noting key elements of the budget, which will be monitored by staff.

6. Legislative Tracking Report

Jeff Dunn, Senior Legislative Analyst, noted that the Legislative Tracking Report is included in the agenda packet and the most current version of the report is always available on SCAG’s website under the Legislative section.

FUTURE AGENDA ITEMS
There were no future agenda items presented.

ANNOUNCEMENTS
Darin Chidsey, Director of Strategy, Policy & Public Affairs, stated that since the Regional Council is dark in August, traditionally LCMC is dark in July. There was a consensus by the Committee that LCMC will not meet in July.

ADJOURNMENT
The Chair adjourned the meeting at approximately 9:30 a.m. The next regular meeting of the Legislative/Communications & Membership Committee is scheduled for 8:30 a.m. – 10:00 a.m., Tuesday, August 16, 2016.

SUBJECT: SCAG Sponsorship

RECOMMENDED ACTION:
Approve

EXECUTIVE SUMMARY:
The Legislative/Communications & Membership Committee (LCMC) is asked to approve up to $20,000 in sponsorships for the UCLA Lewis Center and Institute of Transportation Studies 26th Annual Lake Arrowhead Symposium.

STRATEGIC PLAN:
This item supports SCAG’s Strategic Plan: Goal 1: Improve Regional Decision Making by Providing Leadership and Consensus Building on Key Plans and Policies; and Goal 2: Obtain Regional Transportation infrastructure Funding and Promote Legislative Solutions for Regional Planning Priorities.

BACKGROUND:
UCLA Lewis Center and Institute of Transportation Studies 26th Annual Lake Arrowhead Symposium (October 16-18, 2016) – $20,000

Each year, the UCLA Lewis Center and Institute of Transportation Studies Program holds a symposium dealing with regional and public policy issues. This year’s Symposium—Paying it Forward: Investing in Sustainable Mobility—will take place from October 16-18, 2016 at the UCLA Lake Arrowhead Conference Center and will include panels and other forums for dialogue among public officials, private industry leaders, and audience members to explore the implications of recent and foreseeable future technological innovations for transportation, land use, and environmental policy and planning. SCAG has been a sustaining co-sponsor of this program, which enables SCAG to maintain membership on the 2016-2017 Arrowhead Steering Committee and directly help plan and evaluate the event, including suggesting topics and speakers and nominating experts to attend the Symposium consistent with SCAG goals. The sponsorship also provides the following:

- Six (6) complimentary registrations;
- Four (4) registrations at fifty (50) percent off;
- Ten (10) invitations for Symposium attendees;
- Opportunity to nominate speaker for UCLA’s review;
- Exclusive display of promotional materials during early evening reception;
- Recognition as the sponsor of one of the days of the Symposium (Day 1, Day 2, or Day 3);
- Exclusive display of promotional materials in meeting room on the day sponsored;
- Arrangements for a two (2) hour private breakout meeting for the organization;
- Highlighted recognition on the Symposium website and online materials;
- Highlighted recognition as Diamond sponsor from the podium on the day sponsored;
- Display of promotional materials at the registration area;
- Logo placement on printed Symposium materials; and
- Opportunity to network with speakers, faculty, and prominent public officials.

SCAG staff is recommending a “Diamond” level sponsorship in the amount of $20,000. SCAG Board members and Executive staff will attend the Symposium.

FISCAL IMPACT:
$20,000 for memberships and sponsorship is included in the approved FY 16-17 General Fund budget.

SUBJECT:     AB 1889 (Mullin) – High-Speed Rail Authority; High-Speed Train Operation

RECOMMENDED ACTION:
Support

EXECUTIVE SUMMARY:
AB 1889 provides necessary conforming statutory changes to provide more expeditious access to Proposition 1A bond proceeds for the Caltrain electrification project in the Bay Area, High-Speed Rail bookend projects in Southern California, and California High-Speed Rail construction in the Central Valley. Staff recommends support consistent with SCAG policy to seek funding for Southern California bookend projects identified in its Memorandum of Understanding with the California High-Speed Rail Authority.

STRATEGIC PLAN:
This item supports SCAG’s Strategic Plan: Goal 1: Improve Regional Decision Making by Providing Leadership and Consensus Building on Key Plans and Policies; and Goal 2: Obtain Regional Transportation Infrastructure Funding and Promote Legislative Solutions for Regional Planning Priorities.

BACKGROUND:
California High-Speed Rail is a high-speed rail system currently under construction in the state of California. In 2008, the Legislature approved AB 3034 followed by voters approving Proposition 1A which made available $9 billion in general obligation bonds to initiate the statewide high-speed rail system as well as $950 million for investments in local rail services. Among other things, Proposition 1A defined a number of system design characteristics and requirements for access to bond funds.

In 2012, the Legislature approved SB 1029 appropriating bond proceeds for investments in the Phase 1 Blended system as described in the Authority’s 2012 Business Plan. Phase 1 will connect the Anaheim Regional Transportation Intermodal Center in Anaheim with the Transbay Transit Center in San Francisco via the Central Valley with speeds up to 220 miles per hour, providing a "one-seat ride" for the trip in 2 hours and 40 minutes. The appropriation included $1.1 billion for investments in the system bookends, including projects in Southern California and the Caltrain electrification project in the Bay area, and $2.6 billion to match federal funds and begin construction on the backbone of the high-speed rail system in the Central Valley. To access any of the bond funds appropriated under SB 1029, the California High-Speed Rail Authority (CHSRA) is required to submit a funding plan to the legislature.

Investments in the bookends were based on memoranda of understanding (MOUs) signed by CHSRA with local agencies in each region in 2012. SCAG and numerous other transportation agencies in
Southern California entered into the MOU with CHSRA identifying the bookend projects in the region to ensure seamless construction of the HSR system in Southern California as its development reaches our region.

The MOU was executed as a condition of SCAG including Phase One of the California High Speed Train in the financially-constrained plan of the 2012 Regional Transportation Plan/Sustainable Communities’ Strategy. MOU signatories include SCAG, the Los Angeles County Metropolitan Transportation Authority, the Riverside County Transportation Commission, the San Diego Association of Governments, the Southern California Regional Rail Authority (Metrolink), the City of Anaheim and the High Speed Rail Authority.

The Southern California MOU totals 74 projects costing nearly $4 billion, and calls for CHSRA to fund $500 million in Prop 1A and other funding sources, plus matching funds for a total of $1 billion, to advance these projects. While a handful of these projects have advanced in the planning, environmental and construction phases using various funding sources, progress has not yet been realized in expending CHSRA funding towards the MOU projects.

On February 18, 2016, the High Speed Rail Authority released its Draft 2016 Business Plan, its foundational document for implementing the HSR program. Overall capital costs are estimated at $64.2 billion in the plan. The proposed plan would significantly delay the arrival of California High Speed Train service to our region, as programmed in the 2012 RTP/SCS and 2016 Final Draft RTP/SCS. However, the business plan does call for investing $2.1 billion in the Los Angeles Union Station to Anaheim section on bookend projects and to prepare for CA HST service to Anaheim in 2029, including the Southern California Regional Interconnector Project, and several grade separation projects throughout the region. The funding sources for these bookend projects are the voter-approved Prop 1A bond funds and CHRSA’s dedicated 25% Cap-and-Trade funds.

On March 28, 2016, SCAG Executive Director, Hasan Ikhrata, testified before the California Assembly Transportation Committee to address the need and importance of completing these bookend projects in Southern California to ensure an uninterrupted and cost-effective development of HSR once its construction has advanced to Southern California. Mr. Ikhrata informed the Committee of the project funding commitments agreed to in the MOU and urged the Committee and legislature to seek further available means to fund these bookend projects now so that the system, as it reaches the major population centers of Northern and Southern California, can be built in the future.

AB 1889 seeks to achieve this objective by providing the necessary conforming statutory changes to give more expeditious access to Proposition 1A bond proceeds for the Caltrain electrification project in the Bay Area, bookend projects in Southern California, and HSR construction in the Central Valley.

AB 1889 would specify, for purposes of the funding plan required in existing law for each usable segment of the high-speed rail project, that a corridor or usable segment is "suitable and ready for high-speed train operation" if bond proceeds are used for capital project costs that would enable high-speed trains to operate immediately or after additional planned investments on the corridor or usable segment, and passenger train service providers will benefit from the project in the near-term.
The bill provides clarity that the 2012 appropriation of $1.1 billion in Prop 1A bond funds for bookend investments was intended to be consistent with the blended system strategy identified in the HSRA's 2012 Business Plan. The blended system provides for incremental investments in a bookend corridor that benefit regional rail in the short term and both regional and intercity high-speed rail in the long term. Specifically, the bill explicitly states that a corridor is "suitable and ready for high-speed train operation" if bond allocations are used to benefit passenger train service providers in the short term while enabling high-speed trains to operate in the corridor after additional planned investments are completed in the future.

Thus by seeking to clarify legislative intent relative to the previous appropriation of $1.1 billion in Prop 1A bond funds for bookend projects, it may help to accelerate those projects. Further, according to the author absent the bill it is plausible that the initial appropriation authority provided in SB 1029 would expire before funds could be dedicated to investments in bookend projects. Should that occur the Legislature would need to re-appropriate funds in the future in order for the Caltrain electrification project on the northern end, and Union Station improvements and grade separation projects on the southern end, to move forward.

LA Metro has been actively engaged with the author’s office in promulgating the August 1 amendments clarifying the legislative intent and eligibility of use of Prop 1A bond funds to the bookend projects. Metro supports the bill as amended and urges its regional partner agencies to support AB 1889. The bill passed the Assembly on May 5 by 79-0 vote but, since it has been amended in the Senate it must go back to the Assembly for concurrence should it pass from the Senate. The bill is on suspense file in the Senate Appropriations Committee and, should it pass from suspense, will go to the floor for consideration of the full Senate prior to concurrence by the Assembly. Should LCMC recommend SCAG taking a position on the bill to the Regional Council at its September 1, 2016 meeting, the agency will not be on record until that time and thus its position will be transmitted to the Governor if the bill passes since the Legislature which must pass all regular session bills (except urgency) on or before August 31, 2016.

Staff recommends support of AB 1889 consistent with previous Regional Council direction to seek greater funding availability for HSR bookend projects.

SUBJECT: SCAG Logo Re-Design and Branding

RECOMMENDED ACTION:
Recommend to the Regional Council to proceed with one of the following four logo options: 1. Adopt the original LCMC-recommended logo with options for the tag line or “SCAG” spelled out; 2. Adopt the modified logo with SCAG letters above the weave pattern representing the SCAG region; 3. Adopt the modified logo with SCAG letters slightly overlapping the regional weave pattern; 4. Adopt none and recommend to continue using the previous SCAG “bow tie” logo.

EXECUTIVE SUMMARY:
Staff has been engaged in an effort to re-design the SCAG logo since January 2016. Taking into consideration feedback from board members regarding the new logo design, the LCMC reviewed several modified logo options at its June 21, 2016 meeting. The committee advanced three logos, in addition to a fourth option of using the previous “bow tie” logo. However, there was no single recommendation. Staff is now seeking from LCMC a recommendation to advance one of the logos to the Regional Council. To assist the LCMC evaluations and deliberations, technical criteria, as well as samples of the logos in real-world applications, have been provided.

STRATEGIC PLAN:
This item supports SCAG’s Strategic Plan Goal 1: Improve Regional Decision Making by Providing Leadership and Consensus Building on Key Plans and Policies; Objective b: Develop External Communications and Media Strategy to Promote Partnerships, Build Consensus, and Foster Inclusiveness in the Decision Making Process.

BACKGROUND:
At the Regional Council meeting on May 5, 2016, a new SCAG logo and tagline were presented as recommended by the LCMC. But after input from board members, the approval of the logo was tabled. On May 24, 2016, members of the Logo Re-Design Subcommittee met with Carl Morehouse and Dan Medina to gain additional input. The Logo Re-Design Subcommittee subsequently requested staff to modify the LCMC-recommended logo with an alternate color palette and more prominent “SCAG” lettering, based on board member feedback. Several revised logos were submitted for consideration at the LCMC meeting on June 21, 2016. The LCMC advanced three of the new logo designs along with a fourth option of retaining the previously used SCAG “bow tie.”
In consideration of the findings from the research study and feedback from board members, staff is presenting the three modified logo options to LCMC and is seeking a recommendation from the committee to advance to the Regional Council. The new designs to consider are:

1. Adopt Option 1, the original LCMC-recommended logo with options for the tag line or “SCAG” spelled out;
2. Adopt Option 2, the modified logo with SCAG letters above the weave pattern representing the SCAG region
3. Adopt Option 3, the modified logo with SCAG letters slightly overlapping the regional weave pattern
4. Adopt none and recommend continue using the previous SCAG “bow tie” logo

Committee members are asked to review the logos and give their selection based on the following criteria:

- Legibility/readability at different sizes (in consideration of the logo for a variety of uses such as very large on a screen, medium size in presentations, small on postcards and very small as on pins.)
- Legibility/readability and quality in black and white (This criteria ensures that all elements of the logo – lettering and logo mark – holds up well in black and white, as this version will be utilized in board reports, event programs and GA promotional items.)
- Legibility/readability and quality when reproduced (to assess how well the logo holds up when photocopied)
- Real world application (samples of how the logo when applied to SCAG’s website, letterhead, business cards)
- Reflect SCAG’s brand strength of “regional collaboration” (the logo shall reflect/reinforce SCAG’s reputation as a collaborator and convener in the region)

ABOUT THE LOGO RE-DESIGN EFFORT:
Last year, SCAG celebrated its 50th anniversary. In celebrating its incredible milestone and many accomplishments, staff found an opportunity to update the agency logo and visual branding to better align with the SCAG of today. SCAG’s most recent logo – the “bow tie” – was adopted in 1996, 20 years ago. It has served its purpose, but is now outdated. SCAG procured a marketing and advertising firm, One Eighteen Advertising, Inc., to assist in updating the logo and assist with the rollout of a new logo design. Their scope included researching and interviewing key staff, board members, and other stakeholders to provide insight on the SCAG brand and perceptions/reputation of the agency. The logo re-design effort was based on a thorough understanding of SCAG’s formation, its legacy, the role the agency plays today and what it will be in the future.

Information on the logo re-design and branding project was presented to the LCMC at its January 19, 2016 meeting. At the meeting, the Logo Re-Design Subcommittee, a subcommittee of the LCMC, was created to oversee the development of the new logo. Its members include: Hon. Pam O’Connor, Hon. Greg Pettis, and Hon. Margaret Clark. The subcommittee first met on February 16, 2016 to review the proposed research phase process and survey questions. On March 15, 2016, the subcommittee met to review the response data and the insights from the survey, as well as next steps. The subcommittee convened on April 18, 2016 to review the final logo designs and taglines.
SCAG Brand Research Phase

During the initial research phase, SCAG provided the consultant with a highly targeted list of 432 individuals comprised of Regional Council members, County Transportation Commission CEOs, GLUE Council members, federal/state agency partners, stakeholders and staff. The consultant team sent emails to the group, asking them to participate in a short survey and in some cases, offered one-on-one phone interviews. The survey’s objective was to better understand the external perceptions and reputation of SCAG and whether these perceptions were in alignment with the vision and goals of the organization. The feedback would inform the logo design and brand communications.

Approximately 114 people completed the survey and provided feedback. The respondents were fairly equally distributed in terms of staff, Regional Council members, and external stakeholders. There was also fairly equal dispersion in terms of years of engagement with SCAG – less than 5 years, between 5-10 years, and more than 10 years.

Some insights from the research survey include:

- The majority of respondents believe that SCAG does embody its mission statement and over 80% of respondents felt that SCAG’s mission statement is accurate.
- 92% of respondents refer to the agency as “SCAG” as opposed to “Southern California Association of Governments”
- When asked what values best represent SCAG, the top three answers were: “Collaboration” (88.4%), “Sustainability” (57.9%) and “Service” (53.7%). Respondents also viewed SCAG as a “Cooperative,” “Leading,” and “Positive” organization.

One critical value to SCAG’s brand that did not score as high as one might have expected was “Innovation” (27.5%). Because respondents did not believe this value best describes SCAG, innovation has been identified by staff as a definitive criteria for tagline development.

Logo Design and Brand Development

With the survey insights in mind, the consultant team developed approximately 12 initial logo designs. From the draft designs, staff selected four for further refinement and consideration. The four logo designs reflect the consistent themes that emerged from the research phase around SCAG’s brand values and the agency’s strength – regional collaboration.

These four designs were shared with executive staff, who provided feedback and recommended two final designs. Executive staff also reviewed many potential taglines that would strengthen SCAG’s brand, and better align the brand with the mission and goals of the agency. Per their direction, the consultant team and staff further refined the tagline messaging to better highlight the core value of “Innovation.”

During an agency-wide staff meeting on April 13, 2016, a presentation was given to solicit their input on a final logo and tagline recommendation. Their input was collected and was shared with the Logo Re-Design Subcommittee at its meeting on April 18, 2016, which saw the subcommittee vote unanimously to move forward with a final design and tagline recommendation. After discussion on April 19, 2016,
the LCMC approved the logo and tagline recommendations for adoption by the Regional Council. At the May 5 meeting of the Regional Council, additional input was received from board members and further revisions were made to the recommended logo for consideration.

FEDERAL TRANSPORTATION IMPROVEMENT PROGRAM

Released for Public Review
On July 7, 2016, the SCAG Transportation Committee approved release of the Draft 2017 FTIP for a 30-day public review and comment period, which concludes on August 8, 2016. The Draft 2017 FTIP is comprised of transportation projects for the six-county SCAG region: Imperial, Los Angeles, Orange, Riverside, San Bernardino, and Ventura.

EVALUATION CRITERIA

- Legibility/readability at different sizes
- Legibility/readability and quality in black and white
- Legibility/readability and quality when reproduced
- Real world application (i.e. logos on SCAG’s website, letterhead, business cards)
- Reflect SCAG’s brand strength of “regional collaboration”
Thank You
To “SCAG” or Not to “SCAG”?

Participants overwhelmingly refer to the organization as SCAG. However, most also qualified this by mentioning that this is dependent upon their audience (using the acronym when talking to SCAG insiders and the full name when talking to outsiders).
What Should the Logo Reflect?

- Collaboration
- SCAG
- Regional
- Future
- Planning
- Transportation
- Unity
- Leader
- Sustainable
- Partner
- Innovation

Tagline Development

Opportunity to extend SCAG’s branding

- “Region” (speaks to the forum...)
- “Progress” (people working together to improve lives...)
- “Innovation” (innovative or revolutionary solutions to complex problems...)

Because the tagline and logo will be linked, we did not include “Collaboration” as criteria for slogan development.
AB 4  (Linder R)  Vehicle weight fees: transportation bond debt service.

Introduced: 12/1/2014
Status: 1/15/2016-Failed Deadline pursuant to Rule 61(b)(1). (Last location was 2 YEAR on 5/1/2015)
Location: 1/15/2016-A. DEAD

Summary:
Would, notwithstanding specified provisions or any other law, until January 1, 2020, prohibit weight fee revenues from being transferred from the State Highway Account to the Transportation Debt Service Fund, the Transportation Bond Direct Payment Account, or any other fund or account for the purpose of payment of the debt service on transportation general obligation bonds, and would also prohibit loans of weight fee revenues to the General Fund.

Summary:
The California Global Warming Solutions Act of 2006 authorizes the State Air Resources Board to include the use of market-based compliance mechanisms. Current state board regulations require specified entities to comply with a market-based compliance mechanism beginning January 1, 2013, and require additional specified entities to comply with that market-based compliance mechanism beginning January 1, 2015. This bill would instead exempt those categories of persons or entities that did not have a compliance obligation, as defined, under a market-based compliance mechanism beginning January 1, 2013, from being subject to that market-based compliance mechanism through December 31, 2020.

AB 33  (Quirk D)  Electrical corporations: energy storage systems.
Would, If, beginning January 1, 2017, the Public Utilities Commission increases the targets for a load-serving entity to procure viable and cost-effective energy storage systems, this bill would require the commission to authorize pumped hydroelectric storage facilities of any size that become operational on or after January 1, 2017, to be eligible to meet those increased targets to the extent that those facilities meet otherwise applicable requirements.
Summary:
Current law requires, on or before December 31, 2019, public agencies and their contractors that transport household hazardous waste to a hazardous waste facility to use certain consolidated manifesting procedures. Current law establishes volumetric and weight limits on the amount of hazardous waste that a conditionally exempt small quantity generator may transport to a household hazardous waste collection facility. Current law expresses the weight limit in 2 alternative measures. This bill would extend the consolidated manifesting procedures requirement to December 31, 2020.

**Summary:**
The State Aeronautics Act authorizes the Department of Transportation to evaluate the need for an airport, owned or operated by the United States in this state that ceases to be so owned or operated, in the state's public-use airport system, as specified. The act requires the department, before finalizing the evaluation, to submit a copy of its report to the California Transportation Commission for review and comment and requires the commission to complete its review and comment, as specified, not later than 45 days after receiving the evaluation. This bill would instead require the commission to complete its review and comment not later than 50 days after receiving the evaluation.

**Summary:**
Would require the DMV to develop an operational system, no later than January 1, 2019, that allows a dealer or lessor-retailer to electronically report the sale of a vehicle and provide a temporary license plate, as specified. The bill would, commencing January 1, 2018, authorize the DMV to assess specified administrative fees on parking and toll evasion processing agencies to support the administration of this system. The bill would also, commencing January 1, 2019, increase the document processing charge, as specified, that a dealer may impose on the purchaser or lessee of a vehicle and would authorize the imposition of a specified electronic filing charge for reporting vehicle sales and producing temporary license plates.

**Summary:**
Current law requires the State Energy Resources Conservation and Development Commission to implement the Alternative and Renewable Fuel Vehicle Technology Program to provide financial assistance to develop and deploy innovative technologies that transform California's fuel and vehicle types to help attain the state's climate change policies. Current law includes within the program alternative and renewable fuel infrastructure, fueling stations, and equipment. This bill would specify that alternative and renewable fuel infrastructure includes electric vehicle charging infrastructure in disadvantaged communities.

**Summary:**
Would, with certain exceptions, authorize a state agency, when preparing the economic impact assessment, to use a consolidated definition of small business to determine the number of small businesses within the economy, a specific industry sector, or geographic region, and would define "small business" for that purpose as a business that is independently owned and operated, not
dominant in its field of operation, and has fewer than 100 employees.

**Summary:**
Would authorize each Member of the Legislature to nominate one project within his or her respective district each year, and the Governor to designate those projects as priority projects if the projects meet specified requirements. The bill would require the Governor to provide a notice of the designation to the appropriate lead agency and to the Office of Planning and Research. The bill would require the lead agency to notify the public and interested stakeholders of the designation, as specified, thereby imposing a state-mandated local program.

**Summary:**
Would add a definition of "alternative fuel" and would provide that it is the policy of the state to help accelerate the adoption of vehicles using alternative fuels throughout the state by increasing the amount of charging and refueling options needed to facilitate electric, hydrogen, and natural gas vehicles traveling along all passenger and goods movement corridors on federal and state highways. The bill would require the State Energy Resources Conservation and Development Commission to conduct an assessment and develop an integrated strategy to maximize the benefits and scope of an alternative refueling infrastructure, as defined, to help the state achieve its climate change, air quality, and economic goals and this newly stated policy.

Summary:
Current law requires a congestion management program to be developed, adopted, and updated biennially by a designated agency for every county that includes an urbanized area. This bill would delete the traffic level of service standards as an element of a congestion management program and would delete related requirements, including the requirement that a city or county prepare a deficiency plan when highway or roadway level of service standards are not maintained. This bill contains other related provisions and other existing laws.

Summary:
The Safe Neighborhoods and Schools Act, enacted as an initiative statute by Proposition 47, as approved by the electors at the November 4, 2014, statewide general election, makes the theft of property that does not exceed $950 in value petty theft, and makes that crime punishable as a misdemeanor, with certain exceptions. The California Constitution authorizes the Legislature to amend an initiative statute by another statute that becomes effective only when approved by the electors. This bill would amend that initiative statute by making the theft of a firearm grand theft in all cases and punishable by imprisonment in the state prison for 16 months, or 2 or 3 years.

**Summary:**
Current law authorizes the Department of Transportation and regional transportation agencies, as defined, to enter into comprehensive development lease agreements with public and private entities, or consortia of those entities, for certain transportation projects that may charge certain users of those projects tolls and user fees, subject to various terms and requirements. These arrangements are commonly known as public-private partnerships. This bill would provide that a lease agreement shall not be entered into under these provisions on or after January 1, 2030, and would delete obsolete cross-references and make technical changes to these provisions.

Read second time, amended, and re-referred to Com. on APPR. In committee: Referred to APPR. suspense file.

Summary:
Current law, pursuant to the Safe, Reliable High-Speed Passenger Train Bond Act for the 21st Century, approved by the voters as Proposition 1A at the November 4, 2008, statewide general election, provides for the issuance of $9.95 billion for high-speed train capital projects and other associated purposes. The bond act requires the authority to expend the proceeds of the bond act pursuant to certain planning and reporting requirements, which require the authority to approve that the corridor or usable segment would be suitable and ready for high-speed train operations. This bill would provide for the purposes of a certain plan that a corridor or usable segment thereof would be "suitable and ready for high-speed train operation" if specified conditions are met.

**Summary:**  
Current law continuously appropriates specified portions of the annual proceeds in the Greenhouse Gas Reduction Fund to various programs, including 5% for the Low Carbon Transit Operations Program, which provides operating and capital assistance for transit agencies to reduce greenhouse gas emissions and improve mobility, with a priority on serving disadvantaged communities. This bill would additionally authorize moneys appropriated to the program to be expended to support the operation of existing bus or rail service if the governing board of the requesting transit agency declares a fiscal emergency and other criteria are met, thereby expanding the scope of an existing continuous appropriation.

SENATE APPROPRIATIONS, LARA, Chair  

**Summary:**  
The Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006 (Proposition 1B) created the Trade Corridors Improvement Fund and provided for allocation by the California Transportation Commission of $2 billion in bond funds for infrastructure improvements on highway and rail corridors that have a high volume of freight movement, and specified categories of projects eligible to receive these funds. Current law continues the Trade Corridors Improvement Fund in existence in order to receive revenues from sources other than the bond act for these purposes. This bill would require revenues apportioned to the state from the National Highway Freight Program established by the federal Fixing America's Surface Transportation Act to be allocated for trade corridor improvement projects approved pursuant to these provisions.
AB 2208  (Santiago  D)  Local planning: housing element: inventory of land for residential development.

SENATE APPROPRIATIONS SUSPENSE, LARA, Chair

Summary:
The Planning and Zoning Law, requires a city or county to adopt a comprehensive, long-term general plan for the physical development of the city or the county and of any land outside its boundaries that bears relation to its planning. This bill would revise the definition of land suitable for residential development to include above sites owned or leased by a city, county, or city and county. By imposing new duties upon local agencies with respect to the housing element of the general plan, this bill would impose a state-mandated local program.

SENATE APPROPRIATIONS SUSPENSE, LARA, Chair

Summary:
Would establish the Transit Pass Program to be administered by the Department of Transportation with moneys made available, upon appropriation by the Legislature, to support transit pass programs that provide free or reduced-fare transit passes to specified pupils and students. The bill would require the department to develop guidelines that describe the criteria that eligible transit providers are required to use to make available free or reduced-fare transit passes to eligible participants. The bill would exempt those guidelines from the Administrative Procedure Act.

Status: 7/22/2016-Chaptered by Secretary of State - Chapter 76, Statutes of 2016.
Location: 7/22/2016-A. CHAPTERED

Summary:
Current law requires the Department of Transportation to prepare a state highway operation and protection program for the expenditure of transportation funds for major capital improvements that are necessary to preserve and protect the state highway system and that include capital projects relative to maintenance, safety, and rehabilitation of state highways and bridges that do not add a new traffic lane to the system. This bill would add to the program capital projects relative to the operation of those state highways and bridges.

Location: 4/22/2016-A. DEAD

**Summary:**
Would require the Department of Transportation to increase the annual number of complete street projects undertaken by the department by 20% over the 2016 baseline by the year 2020 and increase accessibility for low-income and disadvantaged communities by increasing multimodal transportation proximity to employment, jobs, housing, and recreation areas. The bill would establish department goals to reduce by 10% based on the 2016 baseline the number of transit, pedestrian, and bicyclist fatalities, and reduce by 15% statewide per capita the vehicle miles traveled by the year 2020, and to increase travel by nonautomobile modes of travel, as specified.

**Summary:**
Current law authorizes regional transportation agencies to use the Construction Manager/General Contractor project delivery method, as specified, to design and construct certain expressways that are not on the state highway system if: (1) the expressways are developed in accordance with an expenditure plan approved by voters, (2) there is an evaluation of the traditional design-bid-build method of construction and of the Construction Manager/General Contractor method, and (3) the board of the regional transportation agency adopts the method in a public meeting. This bill would authorize regional transportation agencies also to use this authority on ramps that are not on the state highway system, as specified.

**Summary:**
Current law requires certain miscellaneous revenues deposited in the State Highway Account that are not restricted as to expenditure by Article XIX of the California Constitution to be transferred to the Transportation Debt Service Fund in the State Transportation Fund, as specified, and requires the Controller to transfer from the fund to the General Fund an amount of those revenues necessary to offset the current year debt service made from the General Fund on general obligation transportation bonds issued pursuant to Proposition 116 of 1990. This bill would, on July 1, 2017, delete the transfer of these miscellaneous revenues to the Transportation Debt Service Fund, thereby eliminating the offsetting transfer to the General Fund for debt service on general obligation transportation bonds issued pursuant to Proposition 116 of 1990.

**Summary:**

The California Clean Truck, Bus, and Off-Road Vehicle and Equipment Technology Program, upon appropriation from the Greenhouse Gas Reduction Fund, funds zero- and near-zero-emission truck, bus, and off-road vehicle and equipment technologies and related projects. This bill, between January 2, 2018, and January 1, 2023, would require no less than 50% of the moneys allocated each year for technology development, demonstration, precommercial pilots, and early commercial deployments of zero- and near-zero-emission medium- and heavy-duty truck technology be allocated and spent to support the commercial deployment of existing zero- and near-zero-emission heavy-duty truck and heavy-duty bus technology that meets or exceeds a specified emission standard, with at least 2/3 of these funds to be allocated to heavy-duty truck projects.

**Summary:**
Current law generally requires contracts by the state for the acquisition of goods and services be awarded pursuant to various procedures and requirements. Current law exempts specified projects and types of contracts from those procedures and requirements. The California Council on Science and Technology is a nonpartisan, impartial, not-for-profit corporation, created in 1988 by legislative resolution. This bill would authorize state entities, as defined, to enter into contracts with the council for the council's assistance in translating scientific studies to inform public policy.

Summary:
Current law authorizes the Department of Transportation and regional transportation agencies, as defined, to enter into comprehensive development lease agreements with public and private entities, or consortia of those entities, for certain transportation projects that may charge certain users of those projects tolls and user fees, subject to various terms and requirements. These arrangements are commonly known as public-private partnerships. Current law prohibits a lease agreement from being entered into under these provisions on or after January 1, 2017. This bill would allow a lease agreement to be entered into under these provisions until January 1, 2030.

Calendar:
8/11/2016  Upon adjournment of Session - John L. Burton Hearing Room (4203)
SENATE APPROPRIATIONS SUSPENSE, LARA, Chair

Summary:
Current law creates the Active Transportation Program in the Department of Transportation for the purpose of encouraging increased use of active modes of transportation. Current law requires the California Transportation Commission to adopt the 2015 program of projects no later than January 31, 2016, with each subsequent program of projects to be adopted by April 1 of each odd-numbered year, and requires the commission to adopt guidelines for the program. This bill would, for a program cycle adopted on or after January 1, 2018, require a minimum of 10% of all available Active Transportation Program funds to be programmed for planning and noninfrastructure purposes, except as provided, and would require at least 50 percent of that amount to be programmed for planning activities to develop comprehensive active transportation master plans.

Summary:
The California Global Warming Solutions Act of 2006 authorizes the State Air Resources Board to include the use of market-based compliance mechanisms. Current state board regulations require specified entities to comply with a market-based compliance mechanism beginning January 1, 2013, and require additional specified entities to comply with that market-based compliance mechanism beginning January 1, 2015. This bill instead would exempt categories of persons or entities that did not have a compliance obligation, as defined, under a market-based compliance mechanism beginning January 1, 2013, from being subject to that market-based compliance mechanism.

**Summary:**
Would, for the 2016-17 fiscal year to the 2020-21 fiscal year, inclusive, on or before May 15 of the fiscal
year immediately preceding the applicable fiscal year, instead require the Department of Finance to
adjust the motor vehicle fuel tax rate as described above, and would require the department to notify
the board of the rate adjustment effective for the state’s next fiscal year, as provided. This bill contains
other related provisions and other existing laws.

Summary:
The Automotive Repair Act, provides for the registration and regulation of automotive repair dealers by the Bureau of Automotive Repair (bureau), which is under the supervision and control of the Director of
Consumer Affairs (director). Current law requires repair dealers to give the customer a written estimated price for labor and parts necessary for a specific job. Current law defines terms for purposes of these provisions. Current law makes a violation of that act, except as specified, punishable as a misdemeanor. This bill would recast these provisions as the Automotive Repair and Maintenance Act and would provide for the registration and regulation of automotive maintenance providers, as defined, in a manner similar to the provisions regarding automotive repair dealers.

**Summary:**
Current law continuously appropriates specified portions of the annual proceeds in the Greenhouse Gas Reduction Fund to various programs, including 5% for the Low Carbon Transit Operations Program, for expenditures to provide transit operating or capital assistance consistent with specified criteria.
Current law provides for distribution of available funds under the program by a specified formula to recipient transit agencies by the Controller, upon approval of the recipient transit agency's proposed expenditures by the Department of Transportation. This bill would require a recipient transit agency to demonstrate that each expenditure of program moneys allocated to the agency does not supplant another source of funds.

**Summary:**
Under current law, if the High-Speed Rail Authority determines that real property or an interest therein acquired by the state for high-speed rail purposes is no longer necessary for specified purposes, the authority is authorized to sell or exchange the real property or interest therein at fair market value as specified. This bill would require the authority, if selling the real property or interest therein, to send notification by certified mail to the last known owner of the real property or interest therein at his or her last known address, advising him or her that the real property or interest therein will be offered for sale. The bill would require the authority to wait at least 30 days after the notification has been sent to sell the real property or interest therein.

**Calendar:** 8/11/2016  Upon adjournment of Session - State Capitol, Room 4202  ASSEMBLY APPROPRIATIONS SUSPENSE, GONZALEZ, Chair

**Summary:**
Current requires the Department of Motor Vehicles to establish a pilot program from July 1, 2010, to July 1, 2017, inclusive, in the Counties of Alameda, Los Angeles, Sacramento, and Tulare that requires, as a condition of being issued a restricted driver's license, being reissued a driver's license, or having the privilege to operate a motor vehicle reinstated subsequent to a conviction for any violation of driving under the influence, a person to install for a specified period of time an ignition interlock device on all vehicles he or she owns or operates. This bill would extend the pilot program in those counties until July 1, 2018. Effective July 1, 2018, and until January 1, 2025.

**Summary:**
Current law requires an action alleging unfair competition, as defined, to be commenced within 4 years
after the cause of action accrued. This bill would, for actions brought by the Attorney General or a district attorney, revive an action for unfair competition with respect to scientific evidence regarding the existence, extent, or current or future impacts of anthropogenic-induced climate change that is time barred as of January 1, 2017, and would authorize the action to be brought within 4 years of that date.

**Summary:**
Current law defines the boundaries of 3 intercity rail corridors, and requires the preparation of an annual business plan for the corridor by each participating joint powers board. This bill, at any time after an interagency transfer agreement between the department and a joint powers board has been entered into, would authorize the amendment of the agreement to provide for the extension of the affected rail corridor to provide intercity rail service beyond the defined boundaries of the corridor. The bill would require a proposed extension to first be recommended and justified in the business plan adopted by the joint powers board, and then would require the approval of the Secretary of Transportation.

Summary:
Would require a district board to submit to the State Air Resources Board for review and approval the district's plan for attainment or a revision to that plan, as specified. The bill also would require a district board to submit to the state board for review and approval the district's market-based incentive program and any revisions to that program, as specified. The bill would prescribe specified actions for the state board to take if the state board determines that a plan for attainment, a revision of a plan for attainment, a market-based incentive program, or a revision to a market-based incentive program do not comply with law.
