INFORMATION ITEMS

5. Cap-and-Trade Update

Kevin Gilhooley, Regional Affairs Officer, stated that California’s legislature successfully passed legislation, which Governor Brown signed to extend the cap-and-trade program. Mr. Gilhooley further stated the legislation does not include any requirement that the proceeds be appropriated on an equitable basis in terms of geographic location or population. The SCAG region has received 29.6 percent of cap-and-trade funds, even though the region represents 48.2 percent of the state’s population base and are the economic engine that drives the state’s economy. The next step is to ensure that cap-and-trade dollars are distributed equitably and with a sense of purpose.

6. Housing Legislation Update

Javiera Cartagena, Regional Affairs Officer, provided a summary of housing-related legislation, pertaining to permanent sources of funding for housing construction or mechanisms to provide such funding. Those include SB 2 (Atkins), SB 3 (Beall), AB 71 (Chiu), ACA 4 (Curry), and ACA 11 (Caballero). Ms. Cartagena further provided legislation pertaining to local zoning and land use regulations to increase affordable housing supply. Those include SB 540 (Roth), AB 72 (Santiago), and AB 1505 (Bloom).

7. Legislative Tracking Report

Houston Brooks Laney, Legislative Analyst, referenced the report included in the Agenda Packet and reminded the Committee that the most current Legislative Tracking Report is available on SCAG’s website under the Legislative section.

Hon. Margaret Clark inquired about the status of AB 1250. Kevin Gilhooley, Regional Affairs Officer, stated that cities have been removed from the provisions of the bill, but counties have not.

8. Policy & Public Affairs Department Update

Art Yoon, Director of Policy & Public Affairs, stated that the position of Legislative Affairs Manager should be posted very soon. Mr. Yoon further stated that he would like to have the position filled by November 2017.

Mr. Yoon reported that the encore Strike Team will continue to focus on the regional equity piece. Staff has spoken directly with Senator De Leon who has emphasized the importance of our presence in Sacramento before the Legislature reconvenes. The Strike Team will be traveling to Sacramento on August 30, 2017. All members are encouraged to participate.

FUTURE AGENDA ITEMS

Hon. Cheryl Viegas-Walker stated that as a future agenda item, this Committee should address how to clearly articulate to Sacramento what we are willing to support in terms of housing in California. Hon. Greg Pettis suggested bringing the housing issue to a future meeting of CEHD so that we have the recommendations of SCAG’s Policy Committee on how to most effectively address the housing issue.

SUBJECT: SCAG Membership

RECOMMENDED ACTION:
Approve

EXECUTIVE SUMMARY:
The Legislative/Communications & Membership Committee (LCMC) is asked to approve up to $41,263 in annual memberships for the California Association of Councils of Governments.

STRATEGIC PLAN:
This item supports SCAG’s Strategic Plan: Goal 1: Improve Regional Decision Making by Providing Leadership and Consensus Building on Key Plans and Policies; and Goal 2: Obtain Regional Transportation infrastructure Funding and Promote Legislative Solutions for Regional Planning Priorities.

BACKGROUND:
California Association of Councils of Governments ($41,263)

Established in 1977, the California Association of Councils of Governments (CALCOG) is a statewide association representing 36 regional planning agencies working to assist each member in developing capacity to serve its members’ needs for regional coordination and policy development. CALCOG’s members serve as a forum for local governments to prepare regional plans, set regional transportation policy, strengthen the effectiveness of local government, and develop and maintain regional databases.

CALCOG works with and through its members to:

- Review plans, and policies on subjects agreed upon by members;
- Coordinate policy development as appropriate to the League of California Cities, the California State Association of Counties, the National Association of Regional Councils, and the Association of Metropolitan Planning Organizations;
- Promote more effective planning at the regional level;
- Conduct statewide workshops and conferences which provide members with an ideal opportunity to discuss key issues and learn from recognized experts in various fields; and
- Provide an informational clearinghouse on issues of concern to the regions and state.

The FY 2017-2018 annual dues are $41,263. In the post-SB 375 era, and the vast quantity of legislation and policies related to regional issues and sustainable communities, CALCOG membership has become increasingly more valuable to SCAG and it members. CALCOG provides a strong voice for regional
organizations in Sacramento with the legislature and the administration. CALCOG has provided extensive cap-and-trade work and analysis. Former SCAG President Greg Pettis is currently the Second Vice President of CALCOG while former SCAG President Pam O’Connor served as President of CALGOG last year. SCAG First Vice President Alan Wapner is on the Board as a representative of San Bernardino County Transportation Authority and former SCAG President Cheryl Viegas-Walker is on the Board as a representative of Imperial County Transportation Commission. Hasan Ikhrata also serves on the Executive Director Committee.

FISCAL IMPACT:
$41,263 for memberships is included in the approved FY 17-18 General Fund budget.

SUBJECT: Overview - 2017 State Legislative Session

RECOMMENDED ACTION:
For Information Only – No Action Required

EXECUTIVE SUMMARY:
This report includes summaries and statuses of bills of interest to SCAG, including those for which the agency has taken position pursuant to recommendations of the Legislative/Communications and Membership Committee (LCMC) and Regional Council (RC). The Legislature has passed a number of bills to provide new revenues to support the state’s transportation infrastructure system, address the state’s critical housing shortage, and renew the state’s cap-and-trade program. Staff will continue to monitor the progress of active legislation on the Legislative Tracking Report subject to the September 30, 2017 deadline for the Governor to sign or veto bills and will keep the Committee apprised of their final disposition. This report also highlights the agency’s legislative engagement efforts.

STRATEGIC PLAN:
This item supports SCAG’s Strategic Plan: Goal 1: Improve Regional Decision Making by Providing Leadership and Consensus Building on Key Plans and Policies; and Goal 2: Obtain Regional Transportation infrastructure Funding and Promote Legislative Solutions for Regional Planning Priorities.

BACKGROUND:
Transportation Funding:

In the spring of this year, the legislature passed SB 1 (Beall), which raises an estimated $52.4 billion over ten years ($5.2 billion per year) in new transportation revenues through several taxes and fees. The legislation directs funding to be used towards deferred maintenance on the state highways and local streets and roads, supporting the “fix it first” approach to infrastructure, and creates several competitive funding categories, such as: sustainable transportation planning, climate adaptation planning, transit-intercity rail capital, trade corridor enhancement, congested corridors, active transportation, local partnerships, commuter rail and intercity rail.

SB 1 was signed by Governor Jerry Brown on April 28, 2017.
Housing Measures:

This session, the legislature authored three measures, which together represent a legislative solution to the state’s housing shortfall. At the writing of this report, the three measures have not yet passed and are still pending.

SB 2 (Atkins) would, beginning on January 1, 2018, impose a $75 fee on the recording of any real estate instrument, paper, or notice required or permitted by law, per transaction, not to exceed $225. Half (50%) of the revenues collected will be earmarked for local governments to update planning documents and zoning ordinances to streamline housing production. The remainder (50%) will be earmarked for Housing and Community Development (HCD) to assist persons experiencing or at risk of homelessness. SB 2 was ordered to a third reading in the Assembly on August 31, 2017.

SB 3 (Beall) enacts the Veterans and Affordable Housing Bond Act, which would authorize the issuance of bonds in the amount of $4 billion. Of the $4 billion, $3 billion would be used to finance existing housing programs, finance infrastructure for infill development, and pay for affordable housing matching grant programs. The remaining $1 billion would provide additional funding for the above-described programs for farm, home, and mobile home purchase assistance for veterans. SB 3 was ordered to a third reading in the Assembly on August 31, 2017.

SB 35 (Wiener) SB 35 creates a streamlined, ministerial approval process for development proponents of multi-family housing if the development meets specified requirements and the local government in which the development is located has not produced enough housing units to meet its regional housing needs assessment (RNHA). SB 35 also contains prevailing wage requirements and prohibits a local government from imposing parking standards for approved streamlined developments in certain locations. SB 35 was amended by the author and re-referred to the Assembly Committee on Rules on September 1, 2017.

SB 5 (De Leon) enacts the California Drought, Water, Parks, Climate, Coastal Protection and Outdoor Access for All Act, which if approved by voters, would authorize the issuance of bonds in an amount of $4 billion to be directed to various parks, water infrastructure, and environmental purposes.

SB 5 was ordered to a third reading in the Assembly on September 13, 2017.

SB 540 (Roth) Authorizes a city or county to establish a Workforce Housing Opportunity Zone by preparing an environmental impact report to identify and mitigate impacts from establishing a zone, and adopting a specific plan, and provides for expedited approvals of housing development projects within that zone.

SB 540 was ordered to a third reading in the Assembly on August 31, 2017.

Cap-and-Trade Program Renewal:

There were three, separate legislative bills that represent the cap-and-trade deal:
AB 398, by Assemblyman Eduardo Garcia (D-Coachella), represents the reauthorization of the program. Specifically, AB 398 provides CARB the statutory authority to administer the cap-and-trade system for an additional ten years.

AB 617, by Assemblywoman Cristina Garcia (D-Bell Gardens), requires CARB to develop a process for measuring and addressing the six federally-designated criteria air pollutants in communities where there is a high concentration of them.

ACA 1, by then-Minority Leader Chad Mayes (R-Yucca Valley) is a constitutional amendment, which would require a 2/3 supermajority vote of both houses of the legislature before cap-and-trade revenues could be appropriated, starting in 2024. Because it’s a constitutional amendment, a vote of the people, scheduled for June of 2018, would be required before this could go into effect.

The legislature passed the three bills on July 17, 2017, and Governor Brown signed them into law the following week.

**Cap-and-Trade Expenditure Plan:**

On Monday, September 11, 2017, both houses of the state legislature amended four budget spot bills to include major provisions for the allocation of cap-and-trade funds. There are currently two pair of identical bills moving through the Assembly and state Senate. The first pair of identical bills are AB 134 and SB 119, which fund a variety of clean engine and clean vehicle programs. The second pair of identical bills are AB 109 and SB 93 which include targeted earmarks and allocations for a number of state and local programs that reduce emissions.

AB 134 & SB 119 appropriate $900 million from the Greenhouse Gas Reduction Fund to the Air Resources Board for an array of programs, including $250 million for Carl Moyer Program funding to various air quality management districts, $180 million for the hybrid and zero-emission truck and bus voucher incentive program, $140 million for the Clean Vehicle Rebate Program for rebates for light-duty vehicles, $140 for equipment and improvements at ports, including for projects for ships at birth, $100 million for the Enhanced Fleet Modernization Program and agricultural vanpools, $85 million for agricultural equipment and tractor replacement, and $5 million for technical assistance for environmental justice communities.

It is worth noting that the $250 million apportionment to the Carl Moyer Program specifies that 43% of these funds shall be distributed to the South Coast Air Quality Management District, which represents a major portion of the SCAG region. The Carl Moyer Program provides grant funding for cleaner-than-required engines and equipment. Local air districts administer these grants and select which projects to fund. Eligible projects include cleaner on-road trucks, school and transit buses, off-road equipment, marine vessels, locomotives, agricultural equipment, light duty vehicle scrap, and lawn mowers.

AB 109 and SB 93 appropriate revenues from the Greenhouse Gas Reduction Fund to a variety of special projects, including $26 million for urban greening programs, $11 million to the Strategic Growth Council for grants focused on reducing carbon emissions, $10 million for the Transformative Climate Communities Program, $25 million to fire departments in High Fire Hazard Severity Zones, $66 million...
to the California Energy Commission for programs to reduce emissions among food processors and the agricultural sector, $295 million to the Department of Forestry and Fire Protection for fire prevention, forest health, and urban forestry programs, $15 million to the Department of Fish and Game for wetland restoration projects, $20 million to the Wildlife Conservation Board for adaptation planning, $40 million to the Department of Resources Recycling and Recovery for waste diversion projects, $18 million to the Department of Community Services and Development for Low-Income Weatherization Program, and $99 million to the Department of Food and Agriculture for alternative manure management.

AB 134 passed out of the Senate Committee on Budget and Fiscal Review (11-4) on September 13, 2017 and is currently in the Senate. SB 119 is currently in the Assembly Committee on Budget.

AB 109 passed out of the Senate Committee on Budget and Fiscal Review (11-5) on September 13, 2017 and is currently in the Senate. SB 93 is currently in the Assembly Committee on Budget.

SCAG Engagement:
Every step of the way, SCAG Regional Council members and staff persons were present in Sacramento to advocate for policies to ensure Southern California’s priorities were properly reflected as these major policies were crafted and debated in the state house.

This session, SCAG sent elected official and staff delegations to meet with state legislators and their staff on five different occasions. Twenty-four Regional Council Members met with 35 state legislators and met with staff for a dozen others. SCAG staff visited three legislators in their local, district offices.

SCAG staff testified in support of AB 398 (E. Garcia), the cap-and-trade renewal legislation, in front of Governor Brown at the Assembly Committee on Environmental Quality.

SUBJECT: Transportation/Housing & Urban Development (THUD) Appropriations and Continuing Resolutions Update

RECOMMENDED ACTION:
For Information Only – No Action Required

EXECUTIVE SUMMARY:
On September 7, 2017, the Senate passed legislation, containing a Continuing Resolution to keep the government funded through December 8, 2017, also raising the debt ceiling through December 8, 2017.

In late July, both the House Appropriations Committee and Senate Appropriations Committee approved the fiscal year 2018 Transportation, Housing and Urban Development funding bills. The legislation includes funding for the Department of Transportation, the Department of Housing and Urban Development, and other related agencies.

STRATEGIC PLAN:
This item supports SCAG’s Strategic Plan: Goal 1: Improve Regional Decision Making by Providing Leadership and Consensus Building on Key Plans and Policies; and Goal 2: Obtain Regional Transportation infrastructure Funding and Promote Legislative Solutions for Regional Planning Priorities.

BACKGROUND:
Continuing Appropriations Act
On Friday, September 8, 2017, President Donald J. Trump signed into law H.R. 601, the "Continuing Appropriations Act, 2018 and Supplemental Appropriations for Disaster Relief Requirements Act, 2017," which amends the Foreign Assistance Act of 1961 to direct that it is U.S. policy to promote basic education through particular programs, and establishes the position of Senior Coordinator of United States International Basic Education within the U.S. Agency for International Development. Division B of the bill, Supplemental Appropriations for Disaster Relief Requirements, 2017, provides $15.25 billion in emergency funding for the Departments of Homeland Security and Housing and Urban Development and the Small Business Administration to support disaster response and assistance. Division C of the bill temporarily suspends the statutory debt limit through December 8, 2017. Division D of the bill includes a short-term continuing resolution (CR) that provides fiscal year (FY) 2018 appropriations through Friday, December 8, 2017, for the continuing projects and activities of the Federal Government.

FY 18 Transportation/Housing and Urban Development (THUD) Appropriations
H.R. 3353 – Reflects an allocation of $56.5 billion in discretionary spending – $1.1 billion below fiscal year 2017 and $8.6 billion above the request. This funding is targeted to essential investments in
transportation infrastructure investments, as well as fundamental community development and housing programs.

**S. 1655** – Provides $60.058 billion, $2.407 billion above FY2017 enacted levels, to fund the U.S. Department of Transportation, U.S. Department of Housing and Urban Development, and related agencies. It was passed unanimously, 31-0.

SUBJECT: HR 3001 (Lowenthal) – National Multimodal and Sustainable Freight Infrastructure Act

RECOMMENDED ACTION:
Support

EXECUTIVE SUMMARY:
HR 3001 (Lowenthal) would create a reliable and renewable revenue source to fund multi-modal, freight-specific formula grants for states and a multi-modal, freight-specific competitive grant program for local, regional and state governments. The bill would raise roughly $8 billion a year dedicated to freight-related infrastructure projects throughout the nation, with a focus on multimodal projects and projects that rebuild aging infrastructure while relieving bottlenecks in the freight transportation system. The bill would also establish the Freight Transportation Infrastructure Trust Fund, funded through a national 1 percent waybill fee on the transportation cost of goods.

STRATEGIC PLAN:
This item supports SCAG’s Strategic Plan: Goal 1: Improve Regional Decision Making by Providing Leadership and Consensus Building on Key Plans and Policies; and Goal 2: Obtain Regional Transportation Infrastructure Funding and Promote Legislative Solutions for Regional Planning Priorities.

BACKGROUND:
In 2015, Congress passed the bipartisan Fixing America’s Surface Transportation (FAST) Act, which for the first time outlined a national freight policy. This bill incorporated ideas from Representative Alan Lowenthal’s (D-Long Beach) earlier proposals on freight infrastructure financing to set up both formula and competitive programs to invest in these systems.

HR 3001, sponsored by Representative Lowenthal, and co-sponsored by Representatives Nanette Barragán (D-San Pedro), Earl Blumenauer (D-Portland), Matt Cartwright (D-Scranton), Judy Chu (D-Pasadena), Robin Kelly (D-Kankakee), Mark Meadows (R-Hendersonville), Gwen Moore (D-Milwaukee), Grace Napolitano (D-El Monte), Mark Pocan (D-Madison), Dana Rohrabacher (R-Huntington Beach), Mark Takano (D-Riverside), would create a sustainable funding stream for freight projects through the establishment of a Freight Trust Fund.

The bill would raise approximately $8 billion annually by requiring the entity paying for the cargo to be shipped via ground transportation within the U.S. to pay a fee of 1% of the total cost of that transportation, this is modeled after the existing air freight tax. This system allows amounts in the Trust Fund to pay directly into freight infrastructure programs.
To allocate the funds, the bill creates two freight specific grant programs: a formula grant in which each state would receive funds each year based on the amount of existing infrastructure within the state, and a competitive grant program what would be open to all local, regional, and state governments. The National Multimodal Freight Funding Formula Program would provide formula funds directly to states and encourage states to work together on multistate analysis of freight needs. As it pertains to SCAG, the National Freight Infrastructure Multimodal Competitive Grant Program would provide grants to states, regional, and local government entities. Qualifying projects could include capital freight projects on roads, rail, intermodal connectors, including first and last mile connectors, rail grade separations, on-dock rail and landside infrastructure on ports and airports included in a State Freight Plan.

HR 3001 also builds on the successes of the bipartisan FAST Act as it requires state freight advisory committees and state freight plans to be broadly representative of industry and community stakeholders, and considers environmental and community impacts of freight movement. Furthermore, it requires formula and competitive grant program funds to reflect approved state freight plans and the National Freight Strategic Plan.

The movement of goods in our country and the SCAG region is the engine that runs our economy. Home to America’s largest seaports, major international airports and vital ports of entry along the Mexican border, Southern California processes nearly half of all containerized freight entering and leaving the U.S. This includes more than $131 billion in exports to other countries each year. Support of this bill would be consistent with SCAG’s policies to support expanding the capacity, reliability, and efficiency of our nation’s goods movement system and freight infrastructure.

HR 3001 was introduced on June 22, 2017 and was referred to the House Committee on Transportation and Infrastructure, and in addition to the Committee on Ways and Means, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned. This bill has been endorsed by the Coalition for America's Gateways & Trade Corridors (CAGTC) and has no known opposition at the moment.

Summary:
Current federal law requires the United States Secretary of Transportation to carry out a surface transportation project delivery pilot program, under which the participating states assume certain responsibilities for environmental review and clearance of transportation projects that would otherwise be the responsibility of the federal government. Current law, until January 1, 2017, provided that the State of California consents to the jurisdiction of the federal courts with regard to the compliance, discharge, or enforcement of the responsibilities it assumed as a participant in the pilot program. This bill would reinstate the operation of the latter provision. The bill would repeal that provision on January 1, 2020. This bill would declare that it is to take effect immediately as an urgency statute.

#### Summary:
Would require the business plan of the High-Speed Rail Authority to identify projected financing costs for each segment or combination of segments of the high-speed rail system, if financing is proposed by the authority. The bill would require the authority to identify in the business plan and in another report any significant changes in scope for segments of the high-speed rail system identified in the previous version of each report and to provide an explanation of adjustments in cost and schedule attributable to the changes.

#### Summary:
Current law provides that the Department of Transportation has full possession and control of the state highway system and associated property. Current law authorizes the department to plan, design, and construct a system of safety roadside rests along state highways. Current law requires the department to design only those safety roadside rests that are reasonably economical and that will
provide the motorist a place where he or she may stop for a short time during daytime and nighttime hours. This bill would make nonsubstantive changes to these provisions.

**Summary:**

Current law prescribes requirements for the preparation of the housing element, including a
requirement that a planning agency submit a draft of the element or draft amendment to the element to the Department of Housing and Community Development prior to the adoption of the element or amendment to the element. Current law requires the department to review the draft and report its written findings, as specified. This bill would require the department to also review any action or failure to act by the city, county, or city and county that it determines is inconsistent with an adopted housing element or a specified provision and to issue written findings, as specified, whether the action or failure to act substantially complies with the housing element.

Location: 4/28/2017-A. 2 YEAR

Summary:
Current law requires the Department of Motor Vehicles to adopt regulations no later than January 1, 2015, setting forth requirements for the submission of evidence of insurance, surety bond, or self-insurance, and for the submission and approval of an application to operate an autonomous vehicle. Under current law, it is unlawful and constitutes an infraction for any person to violate, or fail to comply with any provision of the Vehicle Code, unless otherwise specified. This bill would provide that violation of this section is not an infraction and would instead, among other things, require the department to revoke the registration of a vehicle that is being operated in violation of those provisions.

Summary:
Current law requires moneys from the Greenhouse Gas Reduction Fund to be allocated for the purpose of reducing greenhouse gas emissions in this state and satisfying other purposes. Current law authorizes specified investments, including water use and supply, if the investment furthers the regulatory purposes of the California Global Warming Solutions Act of 2006 and is consistent with law. This bill would authorize the use of the moneys in the fund for electric pump efficiency, water and wastewater systems, pump and pump motor efficiency improvements, and drinking water transmission and distribution systems’ water loss if the investment furthers the regulatory purposes of the act and is consistent with law.

| Calendar: 9/14/2017 #99 ASSEMBLY ASSEMBLY SUPPLEMENTAL FILE |

Summary: Current law exempts private residential projects built on private property from certain requirements for projects that are defined as "public works," including, among other requirements, the payment of prevailing wages, unless the project is built pursuant to an agreement with a state agency, redevelopment agency, or local public housing authority. This bill would make the above-referenced exemption for private residential projects additionally inapplicable to a project built pursuant to an agreement with a successor agency to a redevelopment agency, as specified.

**AB 215** (Rodriguez D) Los Angeles-Pasadena Foothill Extension Gold Line light rail project: San Bernardino County Transportation Authority.
**Introduced:** 1/24/2017  
**Last Amended:** 2/28/2017 
**Status:** 3/1/2017-Re-referred to Com. on TRANS.  
**Location:** 2/27/2017-A. TRANS.

**Summary:**
Current law creates the Metro Gold Line Foothill Extension Construction Authority for the purpose of awarding and overseeing all design and construction contracts for completion of the Los Angeles-Pasadena Foothill Extension Gold Line light rail project, and identifies the City of Montclair, which is in the County of Bernardino, as an “extension city.” This bill would appropriate $30,000,000 from the General Fund to the San Bernardino County Transportation Authority for the purpose of funding the project extension to the City of Montclair.

**Summary:**
CEQA defines the terms “urban area” and “urbanized area” to mean, among other things, an unincorporated area that is completely surrounded by one or more incorporated cities and the population density of the unincorporated area at least equals the population density of the surrounding city or cities. This bill would instead specify that the population density of the unincorporated area be at least 1,000 persons per square mile.

**Summary:**  
Current federal law authorizes, until September 30, 2019, a state to allow low emission and energy-efficient vehicles, as specified, to use lanes designated for high-occupancy vehicles (HOVs). Current federal law also authorizes, until September 30, 2025, a state to allow alternative fuel vehicles, as defined, and new qualified plug-in electric drive motor vehicles, as defined, to use those HOV lanes. This bill would extend the authority of drivers of specified vehicles to use HOV lanes until the date federal authorization expires, or until the Secretary of State receives a specified notice, whichever occurs first.

**Summary:**
Would require a public agency to administer its programs and activities relating to housing and community development in a manner to affirmatively further fair housing, and to not take any action that is inconsistent with this obligation. The bill would make it unlawful under the California Fair Employment and Housing Act for a public agency to fail to meet its obligation to affirmatively further fair housing, and would provide that failure would constitute housing discrimination under the act.

Summary:
Current law provides for the consolidated agency, commonly known as SANDAG, to be governed by a board of directors of 21 city and county members selected by the governing body of each member agency. Current law provides that the officers of the board are the chairperson and the vice chairperson. This bill would require the mayor and the president of the city council of the City of San Diego to serve on the board. The bill would delete the requirement for the chair of the County of San Diego Board of Supervisors to serve on the board.

Summary:
The Planning and Zoning Law, among other things, authorizes the legislative body of any county or city to adopt ordinances to regulate land use. Current law also establishes procedures by which city or county ordinances may be enacted or amended by initiative. This bill, in the case of an ordinance or an amendment of an ordinance that would reduce density or stop development or construction of any parcels located less than one mile from a major transit stop, as defined, within a city, county, or city and county that is proposed by the voters of the city, county, or city and county in accordance with specified law, would require that the proposed ordinance or amendment of an ordinance receive 55% of the votes cast on the ordinance in order to become effective.

Introduced: 2/16/2017
Last Amended: 7/5/2017
Status: 9/1/2017-Approved by the Governor. Chaptered by Secretary of State - Chapter 206, Statutes of 2017.
Location: 9/1/2017-A. CHAPTERED

Summary:
The Planning and Zoning Law requires the housing element, in turn, to include, among other things, an assessment of housing needs and an inventory of resources and constraints relevant to the meeting of those needs. That law further requires the Department of Housing and Community Development, for the 4th and subsequent revisions of the housing element, to determine the existing and projected need for housing for each region, based upon population projections produced by the Department of Finance and regional population forecasts used in preparing regional transportation plans, in consultation with each council of governments. Current law includes a declaration of legislative intent regarding the allocation of regional housing need. This bill would make additional findings regarding the
relationship between the shortage of housing and the state’s environmental policies.

**Summary:**

Current law requires funds in the Public Transportation Account to be allocated to various public transportation and transportation planning purposes, with specified revenues in the account to be allocated by the Controller to specified local transportation agencies for public transportation purposes, pursuant to the State Transit Assistance (STA) Program. Current requires STA funds to be allocated by formulas based 50% on population and 50% on transit operator revenues. This bill would revise and recast the provisions governing the STA program. The bill would provide that only STA-eligible operators, as defined, are eligible to receive an allocation from the portion of program funds based on transit operator revenues.

Summary:

Current law authorizes the Riverside County Transportation Commission to impose a transactions and use tax for transportation purposes subject to approval of the voters, which, pursuant to the California Constitution, requires approval of 2/3 of the voters. Current law provides that the maximum tax rate that may be imposed by the commission for transportation purposes is 1/2 of 1%. This bill would authorize the commission to impose a maximum tax rate for transportation purposes of 1% instead of 1/2 of 1%, subject to voter approval, and would specify that the tax rate imposed by the commission would not be considered for purposes of the combined rate limit.

**Summary:**

Would establish specific standards for the use of personal services contracts by counties. The bill would allow a county or county agency to contract for personal services currently or customarily performed by employees, as applicable, when specified conditions are met. The bill would exempt certain types of contracts from its provisions, and would exempt a city and county from its provisions. By placing new duties on local government agencies, the bill would impose a state-mandated local program. The bill also would provide that its provisions are severable.

**Summary:**
Would require, by April 1, 2018, the Secretary of Transportation, in consultation with the Secretary of the Natural Resources Agency, to establish a Transportation Permitting Taskforce consisting of representatives from specified entities to develop a process for early engagement for all parties in the development of transportation projects, establish reasonable deadlines for permit approvals, and provide for greater certainty of permit approval requirements. The bill would require the Secretary of Transportation, by December 1, 2019, to prepare and submit to the relevant policy and fiscal committees of the Legislature a report of findings based on the efforts of the taskforce.

**Summary:**
The Planning and Zoning Law requires that assessment to include the city's or county's share of the regional housing need, as determined by the Department of Housing and Community Development in consultation with each council of governments, and requires a council of governments to develop a proposed methodology for distributing the existing and projected regional housing need, as specified. This bill would require a noncompliant city or county, as defined, to pay a penalty, as provided, to the Department of Housing and Community Development.

Summary:
Current law authorizes a county board of supervisors, by ordinance, to establish a commission to negotiate an exclusive contract with the State Department of Health Care Services to provide, or arrange for the provision of, health care services under the Medi-Cal program. This system of services
provided by or through a county under these provisions is known as a county organized health system. Current law requires the enabling ordinance to, among other things, specify the membership of the county commission, the qualifications for individual members, the manner of appointment, and how long they will serve. Pursuant to this authority, the County of Orange, by ordinance, established a commission to provide health care services under the Medi-Cal program. This bill would codify those provisions of the enabling ordinance that prescribe the membership composition, the qualifications for individual members, tenure of the members, and the procedure for removing a member of the governing body of the commission established in the County of Orange, known as the Orange County Health Authority.

Summary:
Existing law imposes upon household goods carriers, and every person or corporation, owning or operating motor vehicles in the transportation of property for hire upon the public highways, under the jurisdiction of the commission, a license fee equal to 1/10 of 1% of the gross revenue, as defined. This bill would, on July 1, 2018, rename household goods carriers “household movers” for purposes of this regulatory and fee authority, revise and recast the regulatory requirements imposed on household movers, and transfer that regulatory authority to the Division of Household Movers within the Bureau of Electronic and Appliance Repair, Home Furnishings, and Thermal Insulation in the Department of Consumer Affairs.

SB 35 (Wiener D) Planning and zoning: affordable housing: streamlined approval process.
Introduced: 12/5/2016
Last Amended: 9/1/2017
Status: 9/1/2017-From committee with author's amendments. Read second time and amended. Re-referred to Com. on RLS.
Location: 7/12/2017-A. RLS.

Summary:
The Planning and Zoning Law requires a planning agency, after a legislative body has adopted all or part of a general plan, to provide an annual report to the legislative body, the Office of Planning and Research, and the Department of Housing and Community Development on the status of the general plan and progress in meeting the community's share of regional housing needs. Current law requires the housing element portion of the annual report to be prepared through the use of forms and definitions adopted by the department pursuant to the Administrative Procedure Act. This bill would require the housing element portion of the annual report to be prepared through the use of forms and definitions adopted by the department.

(Roth D) Local government finance: property tax revenue allocations: vehicle license fee adjustments.

Introduction: 12/5/2016
Status: 5/26/2017-Failed Deadline pursuant to Rule 61(a)(5). (Last location was APPR. SUSPENSE FILE on 5/25/2017)(May be acted upon Jan 2018)

Summary:
Beginning with the 2004–05 fiscal year and for each fiscal year thereafter, existing law requires that each city, county, and city and county receive additional property tax revenues in the form of a vehicle license fee adjustment amount, as defined, from a Vehicle License Fee Property Tax Compensation Fund that exists in each county treasury. Current law requires that these additional allocations be funded from ad valorem property tax revenues otherwise required to be allocated to educational entities. This bill would modify these reduction and transfer provisions for a city incorporating after January 1, 2004,
and on or before January 1, 2012, for the 2017–18 fiscal year and for each fiscal year thereafter, by providing for a vehicle license fee adjustment amount calculated on the basis of changes in assessed valuation.

SB 150 (Allen D) Regional transportation plans.
Introduced: 1/18/2017
Summary:
Current law requires metropolitan planning organizations to adopt a sustainable communities strategy or alternative planning strategy, subject to specified requirements, as part of a regional transportation plan, which is to be designed to achieve certain targets for 2020 and 2035 established by the State Air Resources Board for the reduction of greenhouse gas emissions from automobiles and light trucks in the region. This bill would require the State Air Resources Board by September 1, 2018, and every 4 years thereafter, to prepare a report that assesses progress made by each metropolitan planning organization in meeting the regional greenhouse gas emission reduction targets set by the state board.

**Summary:**  
Current law authorizes the Department of Transportation and local authorities to designate certain highway lanes for the exclusive or preferential use of high-occupancy vehicles (HOVs), requires the department or local authorities to place signage advising motorists of the rules governing the use of those lanes, and prohibits the use of those lanes by motorists other than in conformity with the posted rules. Current law provides a limited exemption allowing motorcycles, mass transit vehicles, and paratransit vehicles to use HOV lanes. This bill would provide an exemption to allow for blood transport vehicles, as defined, to use HOV lanes, regardless of the number of occupants.

**Summary:**  
Would provide that no further bonds shall be sold for high-speed rail purposes pursuant to the Safe, Reliable High-Speed Passenger Train Bond Act for the 21st Century, except as specifically provided with respect to an existing appropriation for high-speed rail purposes for early improvement projects in the Phase 1 blended system. The bill, subject to the above exception, would require redirection of the unspent proceeds from outstanding bonds issued and sold for other high-speed rail purposes prior to the effective date of these provisions, upon appropriation, for use in retiring the debt incurred from the issuance and sale of those outstanding bonds.

**SB 614 (Hertzberg D) Public transportation agencies: administrative penalties.**
Introduced: 2/17/2017
Last Amended: 7/17/2017
Location: 9/1/2017-S. CHAPTERED

**Summary:**
Current law makes it a crime, punishable as an infraction or misdemeanor, as applicable, for a person to commit certain acts on or in a facility or vehicle of a public transportation system. Current law authorizes a public transportation agency to adopt and enforce an ordinance to impose and enforce civil administrative penalties for and other passenger misconduct on or in a transit facility vehicle in lieu of the criminal penalties otherwise applicable. Current law requires these administrative penalties to be deposited in the general fund of the county in which the citation is administered. This bill would instead require the administrative penalties to be deposited with the public transportation agency that issued the citation.

SB 768 (Allen D) Transportation projects: comprehensive development lease agreements.
Introduced: 2/17/2017
Last Amended: 3/27/2017
Status: 5/26/2017-Failed Deadline pursuant to Rule 61(a)(5). (Last location was APPR. SUSPENSE FILE on 5/25/2017)(May be acted upon Jan 2018)
Location: 5/26/2017-S. 2 YEAR

Summary:
Current law authorizes the Department of Transportation and regional transportation agencies to enter into comprehensive development lease agreements with public and private entities, or consortia of those entities, for certain transportation projects that may charge certain users of those projects tolls and user fees, subject to various terms and requirements. These arrangements are commonly known as public-private partnerships. Current law provides that a lease agreement may not be entered into under these provisions on or after January 1, 2017. This bill would extend this authorization indefinitely.

Summary:
The California Global Warming Solutions Act of 2006 designates the State Air Resources Board as the state agency charged with monitoring and regulating sources of emissions of greenhouse gases. The act authorizes the state board to include use of market-based compliance mechanisms. Current law prohibits a state agency from linking a market-based compliance mechanism with any other state, province, or country unless the state agency notifies the Governor. Current law requires the Governor to issue specified findings within 45 days of receiving that notice from a state agency and to provide those findings to the Legislature. This bill would add to the findings required to be issued by the
Governor and provided to the Legislature in those circumstances.

**Summary:**

Would require that the imposition, extension, or increase by a local government of a special tax as may otherwise be authorized by law, whether a sales or transactions and use tax, parcel tax, or other tax for the purpose of providing funding for transportation purposes be submitted to the electorate by ordinance and approved by 55% of the voters voting on the proposition. The measure would authorize an ordinance submitted to the voters for approval under these provisions to provide, as otherwise authorized by law, for the issuance of bonds payable from the revenues from the special tax.
