AYES: Clark, Daniels, Finlay, Hagman, Lorimore, Martinez, Mitchell, O’Connor, Pettis, Steel, Viegas-Walker, Wapner

NOES: None

ABSTAIN: None
ACTION ITEMS

2. SCAG Sponsorship

Jeff Dunn, Senior Legislative Analyst, stated that the UCLA Lewis Center and Institute of Transportation Studies 26th Annual Lake Arrowhead Symposium (October 16-18, 2016) has been sponsored by SCAG for a number of years. This year staff is proposing that the sponsorship be upgraded from $10,000 to $20,000. Hasan Ikhrata, SCAG’s Executive Director, lauds this symposium as one of the premier events that SCAG attends, in terms of relevance and quality of its programming.

A MOTION was made (Hagman) to support the sponsorship of UCLA Lewis Center and Institute of Transportation Studies 26th Annual Lake Arrowhead Symposium (October 16-18, 2016) - $20,000. The MOTION was SECONDED (Clark) and APPROVED by a majority vote. A roll-vote was taken and recorded as follows:

AYES: Clark, Daniels, Finlay, Hagman, Lorimore, Martinez, Mitchell, O’Connor, Pettis, Steel, Viegas-Walker, Wapner

NOES: None

ABSTAIN: None

3. AB 1889 (Mullin) – High-Speed Rail Authority: High-Speed Train Operation

Jeff Dunn, Senior Legislative Analyst, stated that AB 1889 provides necessary conforming statutory changes to provide more expeditious access to Proposition 1B bond proceeds for the Caltrain electrification project in the Bay area, High-Speed Rail bookend projects in Southern California, and California High-Speed Rail construction in the Central Valley. Staff recommends support consistent with SCAG policy to seek funding for Southern California bookend projects identified in its Memorandum of Understanding (MOU) with the California High-Speed Rail Authority.

Hon. Margaret Finlay inquired if the Regional Council must approve this bill or if LCMC’s approval is sufficient to move the bill forward. Mr. Dunn stated that though it is the normal protocol that LCMC position recommendations on legislative bills go to the Regional Council for consideration prior to taking formal position by the agency, the LCMC may vote to take a position in exigent circumstances such as when there is not enough time to go to the Regional Council prior to a required vote or other action in the legislature, and inform the Regional Council of the position taken after the fact, as long as the bill is consistent with board policy and/or approved legislative priorities established at the beginning of the year.

A MOTION was made (Hagman) to approve AB 1889 (Mullin). The MOTION was SECONDED (Mitchell) and APPROVED by a majority vote. A roll-call vote was taken and recorded as follows:
AYES: Clark, Daniels, Finlay, Hagman, Lorimore, Martinez, Mitchell, O’Connor, Pettis, Steel, Viegas-Walker, Wapner

NOES: None

ABSTAIN: None

4. Logo Re-Design and Branding

Jeff Liu, Manager of Communications, reported that at its June 21, 2016 meeting, LCMC voted to advance to the Regional Council three logo options, in addition to a fourth option, which was keeping the previous “bow tie” logo. Staff is now seeking from LCMC a recommendation to advance one (1) of the logo options to the Regional Council. To assist the Committee’s evaluation and deliberations, technical criteria and samples of the logos in real-world application was provided.

A MOTION was made (Wapner) to recommend to the Regional Council that Option #1 be approved as SCAG’s new Logo Re-Design, with the flexibility to vary the tagline, as appropriate, and for further clarity to spell-out SCAG, when appropriate. The MOTION was SECONDED (Finlay) and APPROVED by a majority vote. A roll-call vote was taken and recorded as follows:

AYES: Clark, Daniels, Finlay, Lorimore, Martinez, Mitchell, O’Connor, Pettis, Steel, Viegas-Walker, Wapner

NOES: None

ABSTAIN: None

INFORMATION ITEMS

5. Bills of Interest

Jeff Dunn, Senior Legislative Analyst, provided an overview of various bills of interest including SCAG’s bill, AB 2170, carried by Assembly Transportation Chair, Jim Frazier. Mr. Dunn stated that AB 2170 moved off of suspense file in the Senate Appropriations Committee by a 7-0 vote. The bill’s path through the legislative process is to move to the Senate floor and, if passing, back to the Assembly for concurrence in the Senate Amendments and then to the Governor. Mr. Dunn further stated that the bill’s progress thus far is particularly gratifying because SCAG has had great support from its regional partners, the commissions, and the ports. Staff will continue to update LCMC on this bill as well as other bills of interest.

6. Legislative Tracking Report

Jeff Dunn, Senior Legislative Analyst, noted that the Legislative Tracking Report is included in the agenda packet and the most current version of the report is always available on SCAG’s website under the Legislative section.
FUTURE AGENDA ITEMS
There were no future agenda items presented.

ANNOUNCEMENTS
The Chair announced that LCMC will not meet in October 2016.

ADJOURNMENT
The Chair adjourned the meeting at 9:15 a.m. The next regular meeting of the Legislative/Communications & Membership Committee is scheduled for 8:30 a.m. – 10:00 a.m., Tuesday, September 20, 2016.

SUBJECT: SCAG Membership & Sponsorship

RECOMMENDED ACTION:
Approve

EXECUTIVE SUMMARY:
The Legislative/Communications & Membership Committee (LCMC) is asked to approve up to $40,256 in annual memberships for the California Association of Councils of Governments. In addition, the LCMC is asked to approve up to $10,000 in sponsorships for the University of Southern California Sol Price School of Public Policy – Executive Education Program.

STRATEGIC PLAN:
This item supports SCAG’s Strategic Plan: Goal 1: Improve Regional Decision Making by Providing Leadership and Consensus Building on Key Plans and Policies; and Goal 2: Obtain Regional Transportation infrastructure Funding and Promote Legislative Solutions for Regional Planning Priorities.

BACKGROUND:

MEMBERSHIP

California Association of Councils of Governments ($40,256)

Established in 1977, the California Association of Councils of Governments (CALCOG) is a statewide association representing 36 regional planning agencies working to assist each member in developing capacity to serve its members’ needs for regional coordination and policy development. CALCOG’s members serve as a forum for local governments to prepare regional plans, set regional transportation policy, strengthen the effectiveness of local government, and develop and maintain regional databases.

CALCOG works with and through its members to:

- Review plans, and policies on subjects agreed upon by members;
- Coordinate policy development as appropriate to the League of California Cities, the California State Association of Counties, the National Association of Regional Councils, and the Association of Metropolitan Planning Organizations;
- Promote more effective planning at the regional level;
- Conduct statewide workshops and conferences which provide members with an ideal opportunity to discuss key issues and learn from recognized experts in various fields; and
- Provide an informational clearinghouse on issues of concern to the regions and state.

The FY 2016-2017 annual dues are $40,256. In the post-SB 375 era, and the vast quantity of legislation and policies related to regional issues and sustainable communities, CALCOG membership has become increasingly more valuable to SCAG and its members. CALCOG provides a strong voice for regional organizations in Sacramento with the legislature and the administration. CALCOG has provided extensive cap-and-trade work and analysis. Former SCAG President Pam O’Connor is currently the President of CALGOG, former SCAG President Cheryl Viegas-Walker is on the Board as a representative of Imperial County Transportation Commission, and former SCAG President Greg Pettis is on the Board as a representative of Riverside County Transportation Commission. Hasan Ikhrata also serves on the Executive Director Committee.

SPONSORSHIP

University of Southern California Sol Price School of Public Policy – Executive Education Program – $10,000

The Executive Education (EXED) Forum for Policy at the University of Southern California (USC) Sol Price School of Public Policy (Price) offers a broad-based specialized non-degree certificate programs for local and global leaders. The EXED Forum is a suite of programs targeting public sector and other senior, mid-level, and emerging leaders, and is designed to deepen their understanding of substantive policy issues, augment their ability to leverage and increase existing public sector capacity, and foster leadership – all with the purpose of improving public and nonprofit administration and solving public problems. The Forum achieves this by bringing together world-renowned faculty of USC Price, experienced practitioners and a dynamic curriculum to teach and reach across boundaries.

The EXED Forum offers two programs: 1) Local Leaders Program, and 2) Global Leaders Program. The Local Leaders Program is designed for local elected officials and offers a focused curriculum in ethics, governance, leadership, and public policy to promote and enhance commitment to public value and to reach across sectors. The target audiences for this program are mayors, council members, supervisors, and special district board members. The next Local Leaders Program is scheduled for October 28-29, 2016 at the USC Price Research Centers.

SCAG has been a supporter of the USC Price EXED Forum since the 2011-2012 program and is listed on their website as a Strategic/Sponsoring Partner. Several SCAG cities have participated in the Local Leaders Program, including former SCAG Presidents Greg Pettis, Pam O’Connor, and Larry McCallon, SCAG Second Vice President Alan Wapner, and Policy Committee member Ray Musser. SCAG staff is again recommending a sponsorship in the amount of $10,000.

FISCAL IMPACT:
$50,256 for memberships and sponsorships is included in the approved FY 16-17 General Fund budget.

SUBJECT: Bills of Interest Update

RECOMMENDED ACTION:
For Discussion Only – No Action Required.

EXECUTIVE SUMMARY:
This report includes summary and status of bills of interest to SCAG, including those for which the agency has taken position pursuant to recommendations of the Legislative/Communications and Membership Committee (LCMC). Staff will monitor the disposition of these and other bills on the legislative tracking report subject to the September 30, 2016 deadline for the Governor to sign or veto bills and advise the Committee of their final disposition.

STRATEGIC PLAN:
This item supports SCAG’s Strategic Plan: Goal 1: Improve Regional Decision Making by Providing Leadership and Consensus Building on Key Plans and Policies; and Goal 2: Obtain Regional Transportation Infrastructure Funding and Promote Legislative Solutions for Regional Planning Priorities.

BACKGROUND
AB 2170 (Frazier) – Trade Corridor Improvement Fund - SCAG sponsored bill to allocate federal FAST Act formula funds for freight and goods movement into the Trade Corridor Improvement Fund (TCIF). Consistent with the direction of the Regional Council in its adopted 2016 legislative priorities, the purpose of the bill is to allocate these greatly needed funds to the most critical freight projects as expeditiously as possible - utilizing the very successful TCIF process that has worked so well allocating state Proposition 1B bond funds to build the same kinds of projects. The bill as passed provides for all FAST Act freight funds to be appropriated to TCIF; retains California Transportation Commission (CTC) authority to select projects; requires CTC to consult with California Air Resources Board (CARB) on modeling techniques consistent with current practices; and requires an update to program guidelines in April 2017 after public process allowing for input from all stakeholder groups. AB 2170 passed the Legislature and is referred to the Governor.

AB 1550 (Gomez) – Cap-and-Trade Investments in Disadvantaged Communities - Existing law requires most funds collected from cap-and-trade to be deposited in the Greenhouse Gas Reduction Fund (GGRF) and requires the Department of Finance, with ARB and other agencies, to develop a 3-year investment plan to allocate a minimum 25% of moneys to projects that provide benefits to disadvantaged communities. AB 1550 as amended requires 25% of the GGRF revenues to be spent on projects located within disadvantaged communities. Additionally it would require that a minimum of 5% of GGRF funds go to projects that benefit low-income households or to projects located within, and benefiting individuals...
living in, low-income communities; and an additional minimum of 5% either to projects that benefit low-income households that are outside of, but within a 1/2 mile of, disadvantaged communities, or to projects located within the boundaries of, and benefiting individuals living in, low-income communities that are outside of, but within a 1/2 mile of, disadvantaged communities. The bill defines low income households as those with incomes at or below 80% of the statewide median income or with median incomes at or below the threshold designated by the Department Housing of Community and Development. This bill becomes operative only if AB 1613 discussed below is enacted. AB 1550 passed the Legislature and is referred to the Governor.

AB 1613 – Cap-and-Trade Budget Trailer Bill – AB 1613/SB 830 as amended August 30, 2016, offers the cap-and-trade spending plan negotiated by the Governor’s office and legislative leadership in the last days of session and amended into companion bills on August 30. The proposal would appropriate approximately $900 million of cap-and-trade funds to the following programs and state agencies for various cap-and-trade funded programs, as follows:

- $135 million for the Transit and Intercity Rail Capital program for bus and commuter rail service;
- $10 million for the Active Transportation Program to fund bicycle and pedestrian programs that make walking or biking to school and work safer and easier;
- $133 million for a reformed Clean Vehicle Rebate Project for low and middle income families to purchase clean vehicles;
- $150 million for the Heavy Duty and Off-Road Investments for cleaner industrial vehicles, buses, and port equipment with zero or near zero emissions;
- $80 million for the Enhanced Vehicle Fleet Modernization program for low income families to help replace more polluting vehicles with cleaner ones;
- $140 million for the Transformative Climate Communities program for a community-wide approach for disadvantaged communities specified in statute to implement an integrated transportation, housing, and green space development plan to reduce pollution;
- $2 million to assist disadvantaged communities and local governments with developing climate action plans;
- $80 million for the Urban Greening program to create green spaces and parks in communities;
- $40 million for waste diversion projects for organic material that will both capture greenhouse gases while also reducing methane emissions;
- $20 million for low-income community residents to reduce energy use with weatherization and energy efficiency improvements, including solar installations;
- $15 million to the Urban Forestry program for disadvantage communities to plant trees in their neighborhoods;
- $50 million for programs that help dairies reduce emissions and pollution associated with animal manure;
- $25 million for the Healthy Forest program, to preserves existing forests by reducing the threat of wildfires;
- $7.5 million for the Healthy Soils program to capture carbon, reduce water use and improve soil health;
- $7.5 million to the State Water Efficiency and Enhancement Program (SWEEP) to replace older inefficient water irrigation and pumping equipment to reduce pollution and save water;
• $5 million to reduce black carbon emissions by supplementing local programs to reduce wood smoke pollution through fireplace, stove, and heater replacement.

AB 1613 passed the Legislature and is referred to the Governor.

AB 1813 (Frazier) – High-Speed Rail Authority Membership - Provides for additional appointment of one Member of the Senate by the Senate Committee on Rules and one Member of the Assembly by the Speaker of the Assembly to serve as ex officio members of the High-Speed Rail Authority. The bill provides that the ex officio members shall participate in the activities of the authority to the extent that participation is not incompatible with their positions as Members of the Legislature. SCAG supported AB 1813 on direction of the Regional Council. CHAPTERED, Chapter 117, Statutes of 2016.

AB 1889 (Mullin) – High-Speed Rail Bookend Projects - Provides conforming statutory changes to provide more expeditious access to Proposition 1A bond proceeds for the Caltrain electrification project in the Bay Area, High-Speed Rail bookend projects in Southern California, and California High-Speed Rail construction in the Central Valley. The bill clarifies definition of a corridor or usable segment is "suitable and ready for high-speed train operation" and specifically includes Southern California bookend projects as eligible for funding. The LCMC recommended support at its August 16, 2016 meeting. AB 1889 passed the Legislature and is referred to the Governor.

SB 32 (Pavley)/AB 197 (E. Garcia) - Requires the Air Resources Board (ARB) to ensure that statewide greenhouse gas (GHG) emissions are reduced to at least 40% below the 1990 level by 2030, when adopting rules and regulations to achieve the maximum technologically feasible and cost-effective GHG emissions reductions authorized by AB 32. Bill provisions specify that the bill shall become operative only if AB 197 (Garcia) is enacted. AB 197 would create the Joint Legislative Committee on Climate Change Policies (JLCCCP), to provide an oversight perspective that connects the jurisdictions of several legislative standing committees, including those that have the issues of air quality, transportation, energy, and local government within their jurisdiction. The bill requires ARB to prioritize direct emission reductions and consider social costs when adopting regulations to reduce greenhouse gas (GHG) emissions beyond the 2020 statewide limit. Social costs as defined under the bill mean an estimate of the economic damages, including, but not limited to, changes in net agricultural productivity; impacts to public health; climate adaptation impacts, such as property damages from increased flood risk; and changes in energy system costs, per metric ton of GHG emission per year. The bill requires ARB to prepare reports on sources of GHGs and other pollutants to JLCCCP; establishes six-year terms for voting members of ARB, and adds two legislators as non-voting members of ARB. SB 32 is CHAPTERED, Chapter 249, Statutes of 2016; AB 197 is CHAPTERED, Chapter 250, Statutes of 2016.

SB 734 (Galgiani) – CEQA Exemption - Extends for two years the expedited California Environmental Quality Act (CEQA) judicial review procedures established by the Jobs and Economic Improvement and Environmental Leadership Act (AB 900, Statutes of 2011), so that the Governor must certify a project prior to January 1, 2018, and the project must be approved prior to January 1, 2019. This law fast tracks environmental lawsuit/litigation against such projects that meeting the criteria for Environmental Leadership Development Project, generally projects over $100M in cost with other criteria strict targets for greenhouse gas emissions and renewable energy. Six projects have qualified statewide so far, with three others in Los Angeles potentially able to qualify with the extension this bill provides, including:
• 6701 Sunset/Crossroads in Hollywood - Nine new mixed-use buildings (residential/commercial, hotel, etc.);
• Yucca-Argyle Project in Hollywood - Mixed-use project with hotel, residential, and commercial uses;
• Barlow Hospital Project in Echo Park near Dodger Stadium.

Under the bill, it also adds a prevailing wage requirement to contractors building projects. **SB 734 is CHAPTERED, Chapter 210, Statutes of 2016.**

**SB 817 (Roth) – Local Government Revenue Allocations: Vehicle License Fee adjustments** – SB 817 is the latest bill to attempt to rectify the disproportionate under-allocation of VLF revenues to four newly incorporated cities in the region – Eastvale, Jurupa Valley, Menifee, and Wildomar – in effect due to provisions enacted as part of the 2011 state budget realignment that swept VLF fees to the state and backfilled the lost VLF funding to cities with certain property tax revenues. The bill is substantially the same as SB 25 of last year, and SB 69 of the year before, both of which were supported by SCAG on recommendation of the LCMC, and which were vetoed by the Governor. At the request of the League of California Cities, consistent with prior board direction on this issue, SCAG is again supporting this bill to restore the lost funding to these cities and restore basic fairness in revenue allocation to these jurisdictions. **SB 817 passed the Legislature and is referred to the Governor.**

**SB 885 (Pavley) – Design Professionals Contracts** - Provides that design professionals only has duty to defend himself/herself from claims or lawsuits that arise out of, or pertain or relate to, negligence, recklessness, or willful misconduct of the design professional, and not within any claims brought against other entities in a project development. SCAG opposed on direction of the Regional Council with SANDAG, SANBAG, RCTC and other partner agencies. **DIED in Assembly.**

**SB 1465 (De Leon) 2024 Olympic and Paralympic Games** – Authorize the Governor to sign agreements with the International Olympic and Paralympic Committees, as part of the site selection process for the City of Los Angeles to become the host for the 2024 Olympic Games and Paralympic Games, consistent with IOC requirements to host the games and with legislation previously passed in prior attempts within California to host the games. Also authorizes the Governor to provide for security for the Olympic Games up to $250 million amounts owed by the Organizing Committee for the Olympic Games (OCOG), and for any financial deficit accruing to the OCOG as a result of hosting the games by the City of Los Angeles. Hosting of the games in California is expected to generate billions of dollars for the state's economy. SCAG supports on direction of Regional Council. **Bill passed the Legislature and is referred to the Governor.**

SUBJECT: Summary of Ballot Initiatives

RECOMMENDED ACTION:
For Discussion Only – No Action Required.

EXECUTIVE SUMMARY:
This report includes summary of statewide propositions appearing on the November 8, 2016 General Election ballot for general discussion. Staff will advise the Committee of any significant developments that may arise related to these ballot propositions.

STRATEGIC PLAN:
This item supports SCAG’s Strategic Plan: Goal 1: Improve Regional Decision Making by Providing Leadership and Consensus Building on Key Plans and Policies; and Goal 2: Obtain Regional Transportation Infrastructure Funding and Promote Legislative Solutions for Regional Planning Priorities.

BACKGROUND

State Ballot Propositions
There are 17 qualified ballot propositions for the November 8, 2016 General Election. SCAG has traditionally not taken positions on ballot propositions in prior elections unless there is a clear nexus between a proposed measure and a SCAG policy jurisdiction such as, for example, transportation bonds or tax measures, GHG emissions and/or air quality, sustainability, water policy and infrastructure, etc.

The propositions appearing on this year’s General Election ballot do not appear to be germane in this regard with exception of Proposition 53, which proposes to require that voter approval is required to authorize revenue bonding for projects in excess of $2B, see more extensive discussion below. Staff recommends positions on any of the propositions at this time. They are briefly summarized below from descriptions obtained from the non-partisan state Legislative Analyst Office (LAO):

Proposition 51
School Bonds. Funding for K-12 School and Community College Facilities. Initiative Statutory Amendment.
A YES vote on this measure means: The state could sell $9 billion in general obligation bonds for education facilities ($7 billion for K-12 public school facilities and $2 billion for community college facilities).

A NO vote on this measure means: The state would not have the authority to sell new general obligation bonds for K-12 public school and community college facilities.
Proposition 52
State Fees on Hospitals. Federal Medi-Cal Matching Funds. Initiative Statutory and Constitutional Amendment.

A YES vote on this measure means: An existing charge imposed on most private hospitals that is scheduled to end on January 1, 2018 under current law would be extended permanently. It would be harder for the Legislature to make changes to it. Revenue raised would be used to create state savings, increase payments for hospital services to low-income Californians, and provide grants to public hospitals.

A NO vote on this measure means: An existing charge imposed on most private hospitals would end on January 1, 2018 unless additional action by the Legislature extended it.

Proposition 53
Revenue Bonds. Statewide Voter Approval. Initiative Constitutional Amendment.

A YES vote on this measure means: State revenue bonds totaling more than $2 billion for a project that is funded, owned, or managed by the state would require statewide voter approval.

A NO vote on this measure means: State revenue bonds could continue to be used without voter approval.

Proposition 53 requires statewide voter approval for any bond issuance by a public agency for infrastructure projects exceeding $2 billion. The $2 billion threshold is adjusted annually for inflation according to the consumer price index. Projects cannot be broken into smaller projects to stay beneath the $2 billion threshold. Thus, any future project by a county transportation commission that requires an issuance of bonds secured against revenues of the project being built that exceeds $2 billion would have to first be approved by voters of the entire state of California. For this reason, both the Los Angeles County Metropolitan Transportation Authority and the Riverside County Transportation Commission have adopted an Oppose position to Proposition 53.

Proposition 54

A YES vote on this measure means: Any bill (including changes to the bill) would have to be made available to legislators and posted on the Internet for at least 72 hours before the Legislature could pass it. The Legislature would have to ensure that its public meetings are recorded and make videos of those meetings available on the Internet.

A NO vote on this measure means: Rules and duties of the Legislature would not change.

Proposition 55
Tax Extension to Fund Education and Healthcare. Initiative Constitutional Amendment.

A YES vote on this measure means: Income tax increases on high-income taxpayers, which are scheduled to end after 2018, would instead be extended through 2030.
A NO vote on this measure means: Income tax increases on high-income taxpayers would expire as scheduled at the end of 2018.

**Proposition 56**  
**Cigarette Tax to Fund Healthcare, Tobacco Use Prevention, Research, and Law Enforcement. Initiative Constitutional Amendment and Statute.**

A YES vote on this measure means: State excise tax on cigarettes would increase by $2 per pack—from 87 cents to $2.87. State excise tax on other tobacco products would increase by a similar amount. State excise tax also would be applied to electronic cigarettes. Revenue from these higher taxes would be used for many purposes, but primarily to augment spending on health care for low-income Californians.

A NO vote on this measure means: No changes would be made to existing state taxes on cigarettes, other tobacco products, and electronic cigarettes.

**Proposition 57**  
**Criminal Sentences. Juvenile Criminal Proceedings and Sentencing. Initiative Constitutional Amendment and Statute.**

A YES vote on this measure means: Certain state prison inmates convicted of nonviolent felony offenses would be considered for release earlier than otherwise. The state prison system could award additional sentencing credits to inmates for good behavior and approved rehabilitative or educational achievements. Youths must have a hearing in juvenile court before they could be transferred to adult court.

A NO vote on this measure means: There would be no change to the inmate release process. The state’s prison system could not award additional sentencing credits to inmates. Certain youths could continue to be tried in adult court without a hearing in juvenile court.

**Proposition 58**  
**English language education.**

A YES vote on this measure means: Public schools could more easily choose how to teach English learners, whether in English-only, bilingual, or other types of programs.

A NO vote on this measure means: Public schools would still be required to teach most English learners in English-only programs.

**Proposition 59**  
**Campaign Finance: Voter Instruction.**

A YES vote on this measure means: Voters would be asking their elected officials to use their constitutional authority to seek increased regulation of campaign spending and contributions. As an advisory measure, Proposition 59 does not require any particular action by the Congress or California Legislature.
A NO vote on this measure means: Voters would not be asking their elected officials to seek certain changes in the regulation of campaign spending and contributions.

**Proposition 60**  
**Adult Films. Condoms. Health Requirements. Initiative Statute.**

A YES vote on this measure means: There would be additional workplace health and safety requirements placed on adult film productions in California and additional ways to enforce those requirements.

A NO vote on this measure means: Adult film productions in California would continue to be subject to current state and local workplace health and safety requirements, including the rules now interpreted to require condom use in adult film productions.

**Proposition 61**  
**State Prescription Drug Purchases. Pricing Standards.**

A YES vote on this measure means: State agencies would generally be prohibited from paying more for any prescription drug than the lowest price paid by the U.S. Department of Veterans Affairs for the same drug.

A NO vote on this measure means: State agencies would continue to be able to negotiate the prices of, and pay for, prescription drugs without reference to the prices paid by the U.S. Department of Veterans Affairs.

**Proposition 62**  
**Death Penalty. Initiative Statute.**

A YES vote on this measure means: No offenders could be sentenced to death by the state for first degree murder. The most serious penalty available would be a prison term of life without the possibility of parole. Offenders who are currently under a sentence of death would be resentenced to life without the possibility of parole.

A NO vote on this measure means: Certain offenders convicted for first degree murder could continue to be sentenced to death. There would be no change for offenders currently under a sentence of death.

**Proposition 63**  
**Firearms. Ammunition Sales. Initiative Statute.**

A YES vote on this measure means: A new court process would be created for the removal of firearms from individuals upon conviction of certain crimes. New requirements related to the selling or purchasing of ammunition would be implemented.

A NO vote on this measure means: No new firearm- or ammunition-related requirements would be implemented.

**Proposition 64**  
**Marijuana Legalization. Initiative Statute.**
A YES vote on this measure means: Adults 21 years of age or older could legally grow, possess, and use marijuana for nonmedical purposes, with certain restrictions. The state would regulate nonmedical marijuana businesses and tax the growing and selling of medical and nonmedical marijuana. Most of the revenue from such taxes would support youth programs, environmental protection, and law enforcement.

A NO vote on this measure means: Growing, possessing, or using marijuana for nonmedical purposes would remain illegal. It would still be legal to grow, possess, or use marijuana for medical purposes.

**Proposition 65**
**Carryout Bags. Charges. Initiative Statute.**

A YES vote on this measure means: If state law (1) prohibits giving customers certain carryout bags for free and (2) requires a charge for other types of carryout bags, the resulting revenue would be deposited in a new state fund to support certain environmental programs.

A NO vote on this measure means: If charges on carryout bags are required by a state law, that law could direct the use of the resulting revenue toward any purpose.

**Proposition 66**
**Death Penalty. Procedures. Initiative Statute.**

A YES vote on this measure means: Court procedures for legal challenges to death sentences would be subject to various changes, such as time limits on those challenges and revised rules to increase the number of available attorneys for those challenges. Condemned inmates could be housed at any state prison.

A NO vote on this measure means: There would be no changes to the state’s current court procedures for legal challenges to death sentences. The state would still be limited to housing condemned inmates only at certain state prisons.

**Proposition 67**
**Referendum to Overturn Ban on Single-Use Plastic Bags.**

A YES vote on this measure means: Most grocery stores, convenience stores, large pharmacies, and liquor stores would be prohibited from providing single-use plastic carryout bags. Stores generally would be required to charge at least 10 cents for any other carryout bag provided to customers at checkout. Stores would keep the resulting revenue for specified purposes.

A NO vote on this measure means: Stores could continue to provide single-use plastic carryout bags and other bags free of charge unless a local law restricts the use of such bags.

**Summary:**
The California Global Warming Solutions Act of 2006 authorizes the State Air Resources Board to include the use of market-based compliance mechanisms. Current state board regulations require specified entities to comply with a market-based compliance mechanism beginning January 1, 2013, and require additional specified entities to comply with that market-based compliance mechanism beginning January 1, 2015. This bill would instead exempt those categories of persons or entities that did not have a compliance obligation, as defined, under a market-based compliance mechanism beginning January 1, 2013, from being subject to that market-based compliance mechanism through December 31, 2020.

**AB 33** (Quirk D) Electrical corporations: energy storage systems: long duration bulk energy storage resources.
Summary:
Current law requires the Public Utilities Commission to open a proceeding to determine appropriate targets, if any, for each load-serving entity, as defined, to procure viable and cost-effective energy storage systems to be achieved by December 31, 2020. This bill would require the commission to evaluate and analyze the potential for all types of long duration bulk energy storage resources to help integrate renewable generation into the electrical grid, as specified.

Introduced: 1/28/2015
Last Amended: 8/19/2016
Location: 9/8/2016-A. CHAPTERED

Summary:
Current law establishes the State Air Resources Board consisting of 14 members and vests the state board with regulatory jurisdiction over air quality issues. This bill would add 2 Members of the Legislature to the state board as ex officio, nonvoting members. The bill would provide that the voting members of the state board are appointed for staggered 6-year terms and upon expiration of the term of office of a voting member, the appointing authority may reappoint that member to a new term of office, subject to specified requirements. The bill would require the state board to establish the initial staggered terms.

Summary:  
Current law requires, on or before December 31, 2019, public agencies and their contractors that transport household hazardous waste to a hazardous waste facility to use certain consolidated manifesting procedures. Current law establishes volumetric and weight limits on the amount of hazardous waste that a conditionally exempt small quantity generator may transport to a household hazardous waste collection facility. Current law expresses the weight limit in 2 alternative measures. This bill would extend the consolidated manifesting procedures requirement to December 31, 2020.

Summary:
The State Aeronautics Act authorizes the Department of Transportation to evaluate the need for an airport, owned or operated by the United States in this state that ceases to be so owned or operated, in the state's public-use airport system, as specified. The act requires the department, before finalizing the evaluation, to submit a copy of its report to the California Transportation Commission for review and comment and requires the commission to complete its review and comment, as specified, not later than 45 days after receiving the evaluation. This bill would instead require the commission to complete its review and comment not later than 50 days after receiving the evaluation.

Introduced: 2/23/2015
Last Amended: 6/23/2016
Location: 7/25/2016-A. CHAPTERED

Summary:
Would require the DMV to develop an operational system, no later than January 1, 2019, that allows a dealer or lessor-retailer to electronically report the sale of a vehicle and provide a temporary license plate, as specified. The bill would, commencing January 1, 2018, authorize the DMV to assess specified administrative fees on parking and toll evasion processing agencies to support the administration of this system. The bill would also, commencing January 1, 2019, increase the document processing charge, as specified, that a dealer may impose on the purchaser or lessee of a vehicle and would authorize the imposition of a specified electronic filing charge for reporting vehicle sales and producing temporary license plates.

Summary:
Would require the Public Utilities Commission to conduct an investigation to consider whether existing statutes and regulations relating to for-hire passenger transportation services serve the public interest, encourage innovation, and create a fair and competitive transportation market among
companies that provide regulated transportation services. The bill would require the commission to complete the investigation and report its conclusions and recommendations to the Legislature on or before January 1, 2017. This bill contains other related provisions and other existing laws.

Summary:
Current law requires the State Energy Resources Conservation and Development Commission to implement the Alternative and Renewable Fuel Vehicle Technology Program to provide financial assistance to develop and deploy innovative technologies that transform California's fuel and vehicle types to help attain the state's climate change policies. Current law includes within the program alternative and renewable fuel infrastructure, fueling stations, and equipment. This bill would specify that alternative and renewable fuel infrastructure includes electric vehicle charging infrastructure in disadvantaged communities.

**Summary:**  
Would authorize each Member of the Legislature to nominate one project within his or her respective district each year, and the Governor to designate those projects as priority projects if the projects meet specified requirements. The bill would require the Governor to provide a notice of the designation to the appropriate lead agency and to the Office of Planning and Research. The bill would require the lead agency to notify the public and interested stakeholders of the designation, as specified, thereby imposing a state-mandated local program.

**Summary:**  
Would add a definition of "alternative fuel" and would provide that it is the policy of the state to help accelerate the adoption of vehicles using alternative fuels throughout the state by increasing the amount of charging and refueling options needed to facilitate electric, hydrogen, and natural gas vehicles traveling along all passenger and goods movement corridors on federal and state highways. The bill would require the State Energy Resources Conservation and Development Commission to conduct an assessment and develop an integrated strategy to maximize the benefits and scope of an alternative refueling infrastructure, as defined, to help the state achieve its climate change, air quality, and economic goals and this newly stated policy.

**Summary:**  
Current law requires a congestion management program to be developed, adopted, and updated biennially by a designated agency for every county that includes an urbanized area. This bill would delete the traffic level of service standards as an element of a congestion management program and would delete related requirements, including the requirement that a city or county prepare a deficiency plan when highway or roadway level of service standards are not maintained. This bill contains other related provisions and other existing laws.

**Summary:**
Current law authorizes the Department of Transportation and regional transportation agencies, as defined, to enter into comprehensive development lease agreements with public and private entities, or consortia of those entities, for certain transportation projects that may charge certain users of those projects tolls and user fees, subject to various terms and requirements. These arrangements are commonly known as public-private partnerships. This bill would provide that a lease agreement shall not be entered into under these provisions on or after January 1, 2030, and would delete obsolete cross-references and make technical changes to these provisions.

**Summary:**
Current law, pursuant to the Safe, Reliable High-Speed Passenger Train Bond Act for the 21st Century, approved by the voters as Proposition 1A at the November 4, 2008, statewide general election, provides for the issuance of $9.95 billion for high-speed train capital projects and other associated purposes. The bond act requires the authority to expend the proceeds of the bond act pursuant to certain planning and reporting requirements, which require the authority to approve that the corridor or usable segment would be suitable and ready for high-speed train operations. This bill would provide for the purposes of a certain required funding plan that a corridor or usable segment thereof would be "suitable and ready for high-speed train operation" if specified conditions are met.

Summary:
Current law continuously appropriates specified portions of the annual proceeds in the Greenhouse Gas Reduction Fund to various programs, including 5% for the Low Carbon Transit Operations Program, which provides operating and capital assistance for transit agencies to reduce greenhouse gas emissions and improve mobility, with a priority on serving disadvantaged communities. This bill would additionally authorize moneys appropriated to the program to be expended to support the operation of existing bus or rail service if the governing board of the requesting transit agency declares a fiscal emergency and other criteria are met, thereby expanding the scope of an existing continuous appropriation.

AB 2170  (Frazier D)  Trade Corridors Improvement Fund: federal funds.
Introduced: 2/18/2016
Last Amended: 8/17/2016
Status: 9/9/2016-Enrolled and presented to the Governor at 2:30 p.m.
Location: 9/9/2016-A. ENROLLED

Summary:
The Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006 (Proposition 1B) created the Trade Corridors Improvement Fund and provided for allocation by the California Transportation Commission of $2 billion in bond funds for infrastructure improvements on highway and rail corridors that have a high volume of freight movement, and specified categories of projects eligible to receive these funds. Current law continues the Trade Corridors Improvement Fund in existence in order to receive revenues from sources other than the bond act for these purposes. This bill would require revenues apportioned to the state from the National Highway Freight Program established by the federal Fixing America's Surface Transportation Act to be allocated for trade corridor improvement projects approved pursuant to these provisions.

History:
The Planning and Zoning Law, requires a city or county to adopt a comprehensive, long-term general plan for the physical development of the city or the county and of any land outside its boundaries that bears relation to its planning. This bill would revise the definition of land suitable for residential development to include the airspace above sites owned or leased by a city, county, or city and county. By imposing new duties upon local agencies with respect to the housing element of the general plan, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.

**Summary:**  
Would establish the Transit Pass Program to be administered by the Department of Transportation with moneys made available, upon appropriation by the Legislature, to support transit pass programs that provide free or reduced-fare transit passes to specified pupils and students. The bill would require the department to develop guidelines that describe the criteria that eligible transit providers are required to use to make available free or reduced-fare transit passes to eligible participants. The bill would exempt those guidelines from the Administrative Procedure Act.

Introduced: 2/18/2016
Status: 7/22/2016-Chaptered by Secretary of State - Chapter 76, Statutes of 2016.
Location: 7/22/2016-A. CHAPTERED

Summary:
Current law requires the Department of Transportation to prepare a state highway operation and protection program for the expenditure of transportation funds for major capital improvements that are necessary to preserve and protect the state highway system and that include capital projects relative to maintenance, safety, and rehabilitation of state highways and bridges that do not add a new traffic lane to the system. This bill would add to the program capital projects relative to the operation of those state highways and bridges.

Summary:
Would expand the authority of the California Infrastructure and Economic Development Bank by adding affordable housing, as defined, to the types of projects to which the bank is authorized to provide financial assistance. By expanding the bank's authority to expend funds in a continuously appropriated
fund, the bill would make an appropriation. This bill would also make conforming, nonsubstantive changes to cross-references to this provision.

**Summary:**
Current law authorizes regional transportation agencies to use the Construction Manager/General Contractor project delivery method, as specified, to design and construct certain expressways that are not on the state highway system if: (1) the expressways are developed in accordance with an expenditure plan approved by voters, (2) there is an evaluation of the traditional design-bid-build method of construction and of the Construction Manager/General Contractor method, and (3) the board of the regional transportation agency adopts the method in a public meeting. This bill would authorize the use of the Construction Manager/General Contractor method for the construction of 2 specified bridges that are not on the state highway system. For the purposes only of this authorization, the bill would include the County of Placer within the definition of a regional transportation agency.

**Summary:**
Current law generally requires contracts by the state for the acquisition of goods and services be awarded pursuant to various procedures and requirements. Current law exempts specified projects and types of contracts from those procedures and requirements. The California Council on Science and Technology is a nonpartisan, impartial, not-for-profit corporation, created in 1988 by legislative resolution. This bill would authorize state entities, as defined, to enter into contracts with the council for the council's assistance in translating scientific studies to inform public policy.

Summary:
Current law authorizes the Department of Transportation and regional transportation agencies, as defined, to enter into comprehensive development lease agreements with public and private entities, or consortia of those entities, for certain transportation projects that may charge certain users of those projects tolls and user fees, subject to various terms and requirements. These arrangements are commonly known as public-private partnerships. Current law prohibits a lease agreement from being entered into under these provisions on or after January 1, 2017. This bill would allow a lease agreement to be entered into under these provisions until January 1, 2030.

**AB 2796** (Bloom D) Active Transportation Program.
Introduced: 2/19/2016
Current law creates the Active Transportation Program in the Department of Transportation for the purpose of encouraging increased use of active modes of transportation. Current law requires the California Transportation Commission to adopt the 2015 program of projects no later than January 31, 2016, with each subsequent program of projects to be adopted by April 1 of each odd-numbered year, and requires the commission to adopt guidelines for the program. This bill would, for a program cycle adopted on or after January 1, 2018, require a minimum of 10% of all available Active Transportation Program funds to be programmed for planning and noninfrastructure purposes, except as provided, and would require at least 50 percent of that amount to be programmed for planning activities to develop comprehensive active transportation master plans.

Location: 2/1/2016-S. DEAD

Summary:
The California Global Warming Solutions Act of 2006 authorizes the State Air Resources Board to include the use of market-based compliance mechanisms. Current state board regulations require specified entities to comply with a market-based compliance mechanism beginning January 1, 2013, and require additional specified entities to comply with that market-based compliance mechanism beginning January 1, 2015. This bill instead would exempt categories of persons or entities that did not have a compliance obligation, as defined, under a market-based compliance mechanism beginning January 1, 2013, from being subject to that market-based compliance mechanism.

**Summary:**  
Would establish the Green Assistance Program, to be administered by the Secretary for Environmental Protection in concert with environmental justice programs, that, among other things, would provide technical assistance to small businesses, small nonprofits, and disadvantaged communities in applying for an allocation of moneys from the Greenhouse Gas Reduction Fund. The bill would declare that the secretary use existing resources for the program. This bill contains other existing laws.

Summary:
Current law requires a driver facing a steady circular red signal alone to stop at a marked limit line, but if none, before entering the crosswalk on the near side of the intersection or, if none, then before entering the intersection, and to remain stopped until an indication to proceed is shown, except as specified. This bill would recast those provisions, and instead would require that a violation of this provision for a right turn or a left turn from a one-way street onto a one-way street is punishable by a fine of $35.

**SB 734**  (Galgiani D)  Environmental quality: Jobs and Economic Improvement Through Environmental Leadership Act of 2011.
Introduced: 2/27/2015
Summary:
The Jobs and Economic Improvement Through Environmental Leadership Act of 2011 authorizes the Governor, until January 1, 2016, to certify projects meeting certain requirements, including the requirement that the project creates high-wage, highly skilled jobs that pay prevailing wages and living wages, for streamlining benefits provided by that act. The act provides that if a lead agency fails to approve a project certified by the Governor before January 1, 2017, then the certification expires and is no longer valid. The act requires a lead agency to prepare the record of proceedings for the certified project concurrent with the preparation of the environmental documents. The act is repealed by its own terms on January 1, 2017. This bill would extend the authority of the Governor to certify a project to January 1, 2018.

Last Amended: 8/19/2016
Status: 9/8/2016-Enrolled and presented to the Governor at 5 p.m.
Location: 9/8/2016-S. ENROLLED

Summary:
The Automotive Repair Act, provides for the registration and regulation of automotive repair dealers by the Bureau of Automotive Repair (bureau), which is under the supervision and control of the Director of Consumer Affairs (director). Current law requires repair dealers to give the customer a written estimated price for labor and parts necessary for a specific job. Current law defines terms for purposes of these provisions. Current law makes a violation of that act, except as specified, punishable as a misdemeanor. This bill would recast these provisions as the Automotive Repair and Maintenance Act and would provide for the registration and regulation of automotive maintenance providers, as defined, in a manner similar to the provisions regarding automotive repair dealers.

SB 788 (McGuire D)  California Coastal Protection Act of 2015.
Introduced: 2/27/2015
Last Amended: 6/2/2015
Status: 8/12/2016-Failed Deadline pursuant to Joint Rule 61(b)(14). (Last location was 2 YEAR on 8/28/2015)
Location: 8/12/2016-A. DEAD

Summary:
The California Coastal Sanctuary Act of 1994 authorizes the State Lands Commission to enter into a lease for the extraction of oil or gas from state-owned tide and submerged lands in the California Coastal Sanctuary if the commission determines that the oil or gas deposits are being drained by means of producing wells upon adjacent federal lands and the lease is in the best interest of the state. This bill would enact the California Coastal Protection Act of 2015, which would delete this authorization. The bill would make related legislative findings and declarations.

SB 817 (Roth D)  Local government finance: property tax revenue allocations: vehicle license fee adjustments.
Introduced: 1/5/2016
Last Amended: 8/18/2016
Status: 9/8/2016-Enrolled and presented to the Governor at 5 p.m.
Location: 9/8/2016-S. ENROLLED

Summary:
Beginning with the 2004-05 fiscal year and for each fiscal year thereafter, current law requires that each city, county, and city and county receive additional property tax revenues in the form of a vehicle license fee adjustment amount, as defined, from a Vehicle License Fee Property Tax Compensation Fund that exists in each county treasury. Current law requires that these additional allocations be funded from ad valorem property tax revenues otherwise required to be allocated to educational entities. This
bill would modify these reduction and transfer provisions for a city incorporating after January 1, 2004, and on or before January 1, 2012, for the 2016-17 fiscal year and for each fiscal year thereafter, by providing for a vehicle license fee adjustment amount calculated on the basis of changes in assessed valuation.

SB 824  (Beall D) Low Carbon Transit Operations Program.
Introduced: 1/7/2016
Last Amended: 8/18/2016
Status: 8/30/2016-Enrolled and presented to the Governor at 1:30 p.m.
Location: 8/30/2016-S. ENROLLED

Summary:
Current law continuously appropriates specified portions of the annual proceeds in the Greenhouse Gas Reduction Fund to various programs, including 5% for the Low Carbon Transit Operations Program, for expenditures to provide transit operating or capital assistance consistent with specified criteria.
Current law provides for distribution of available funds under the program by a specified formula to recipient transit agencies by the Controller, upon approval of the recipient transit agency's proposed expenditures by the Department of Transportation. This bill would require a recipient transit agency to demonstrate that each expenditure of program moneys allocated to the agency does not supplant another source of funds.

**Summary:**

Would specify, with certain exceptions, for contracts and amendments to them entered into on or after January 1, 2017, that a design professional, as defined, only has the duty to defend himself or herself from claims or lawsuits that arise out of, or pertain or relate to, negligence, recklessness, or willful misconduct of the design professional. The bill would prohibit these provisions from being construed to affect any duty of a design professional to defend any claims brought against him or her on an ongoing basis during their pendency or the design professional's obligation to reimburse reasonable defense costs incurred by other persons or entities, limited to the design professional's degree of fault, as determined by a court, arbitration, or negotiated settlement.

Summary:
Current law requires a driver facing a steady circular red signal alone to stop at a marked limit line, but if none, before entering the crosswalk on the near side of the intersection or, if none, then before entering the intersection, and to remain stopped until an indication to proceed is shown, except as specified. A violation of this provision is an infraction punishable by a fine of $100. This bill would recast those provisions, and instead would make a violation of that requirement for a right turn, or a left turn from a one-way street onto a one-way street, punishable by a fine of $35. The bill would make additional conforming changes.

Summary:
The Planning and Zoning Law requires, after the initial revision of the safety element to address flooding, fires, and climate adaptation and resilience strategies, that for each subsequent revision the planning agency review and, if necessary, revise the safety element to identify new information that was not available during the previous revision of the safety element. This bill would instead require a planning agency to review and revise the safety element to identify new information, as described above, only to address flooding and fires.

Summary:
Current law requires the Department of Motor Vehicles to establish a pilot program from July 1, 2010, to July 1, 2017, inclusive, in the Counties of Alameda, Los Angeles, Sacramento, and Tulare that requires, as a condition of being issued a restricted driver's license, being reissued a driver's license, or having the privilege to operate a motor vehicle reinstated subsequent to a conviction for any violation of the offenses of driving under the influence, a person to install for a specified period of time an ignition interlock device on all vehicles he or she owns or operates. Under current law, the amount of time the ignition interlock device is required to be installed is based upon the number of prior convictions suffered by the individual, as prescribed. This bill would extend the pilot program in those counties until January 1, 2019.

Summary:
Current law defines the boundaries of 3 intercity rail corridors, and requires the preparation of an annual business plan for the corridor by each participating joint powers board. This bill, at any time after an interagency transfer agreement between the department and a joint powers board has been entered into, would authorize the amendment of the agreement to provide for the extension of the affected rail corridor to provide intercity rail service beyond the defined boundaries of the corridor. The bill would require a proposed extension to first be recommended and justified in the business plan adopted by the joint powers board, and then would require the approval of the Secretary of Transportation.
