Dear Ma'Ayn Johnson,

I would like to submit the following as public comment regarding the RHNA consultation package as presented to the SCAG Board Meeting on Thursday, June 6, 2019:

SCAG's recent RHNA consultation package adopts a flawed methodology that waters down our regional housing goals and fails to address our region's housing crisis.

Please reject the proposed RHNA consultation package until the RHNA number takes full account of cost-burdened households that are struggling to keep up with rising housing costs and addresses the region's immediate housing needs.

We need more housing and a diluted RHNA number will only make our current housing crisis worse. We know the numbers of homelessness are up across LA county. We know the total lack of affordable and accessible housing is driving more and more people to the streets. We've got to take every available measure to keep people inside.

Thanks for your time,  
Carter Moon
