

One Water One Watershed

Celeste Cantú
General Manager
Santa Ana Watershed Project Authority

Four Horsemen of the Apocalypse

Climate Change

Colorado River

Reductions of imported supply due to upper basin entitlements and long-term drought

State Project Water

Reductions or loss of supply due to likely catastrophic levee failure

Explosive Land Development and Population Increase

Vision

A sustainable Santa Ana Watershed is drought-proofed, salt balanced, and supports economic and environmental vitality in the year 2030

Goals & Objectives

A unified Integrated Planning Process coordinating expertise, efforts and resources to accomplish our vision

At least \$200 Million
for Santa Ana
Watershed

Commitment Needed!

To an integrated approach with all stakeholders

To a proactive, transparent process

To innovation, creative vision and watershed leadership

To sustain economic growth, high quality of life, and healthy environment

Opportunity Today!

- Sophisticated planning and cooperation already occurring
- Regional vision will strengthen current efforts
- California voters passed Props 84 & 1E

Prop 84 Program

How Did We Get Here?

SAWPA's Integrated Planning Background

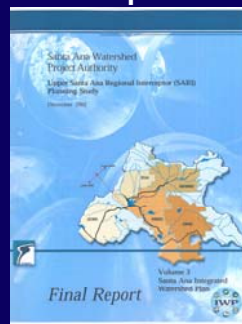

Integrated Watershed Plan

A collaboration of all watershed stakeholders to plan:

Wetlands & Environment

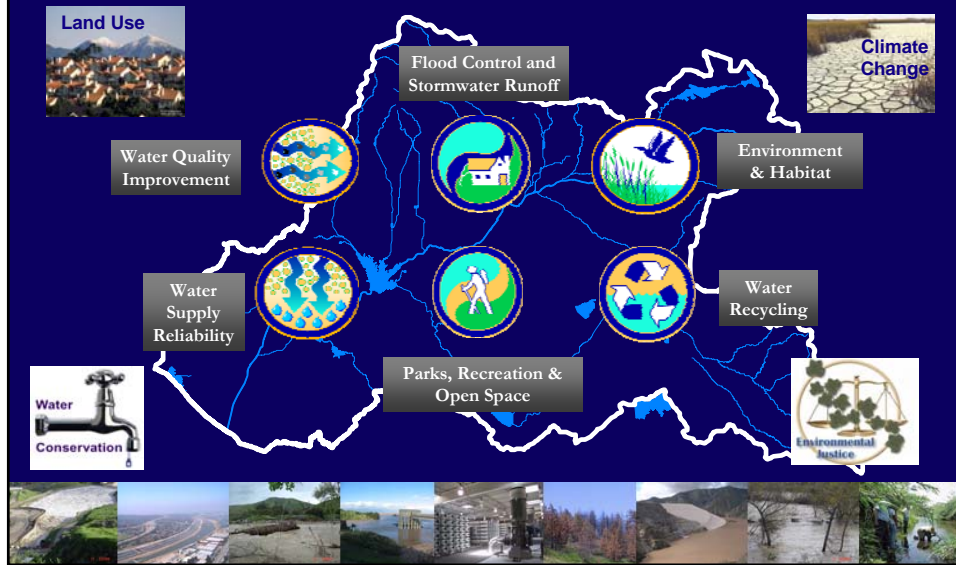

Brine Line (SARI) Use

Water Resources

Integration

The Santa Ana Watershed

“This watershed, more than any other in the State, has come together for early definition and understanding of problems, plans and projects to address those problems, and plans to continue that process.”

“Big Tent” Approach

- Addresses all water-related problems
- Capitalizes on region’s successful reputation in watershed-wide planning & problem solving
- Envisions a single unified Prop 84 submittal to the State
- Uses a Internet-based collaborative approach to solving problems
(Information: www.sawpa.org)

Big Tents, Pillars and Beams

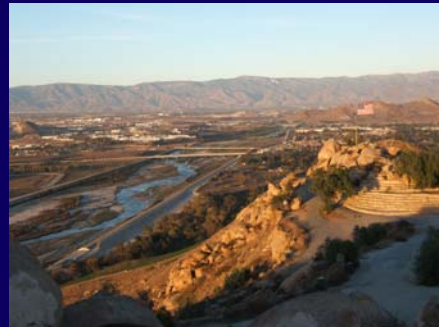

One Water One Watershed has:

Steering Committee

Pillars

Beams

Steering Committee

- County Supervisors (one per county)
 - Bill Campbell, County of Orange
 - Marion Ashley, County of Riverside
 - Gary Ovitt, County of San Bernardino
- Water Agency Representatives
 - Ron Sullivan, SAWPA Chair, EMWD
 - Wyatt Troxel, SAWPA Vice Chair, IEUA

Steering Committee (Cont.)

- Mayors (one per county)
 - Beth Krom, City of Irvine
 - Ron Loveridge, City of Riverside
 - Pat Morris, City of San Bernardino
- Business and Environment
 - Ali Sahabi, President, SE Corporation
 - Garry Brown, Executive Director, Orange County CoasKeeper

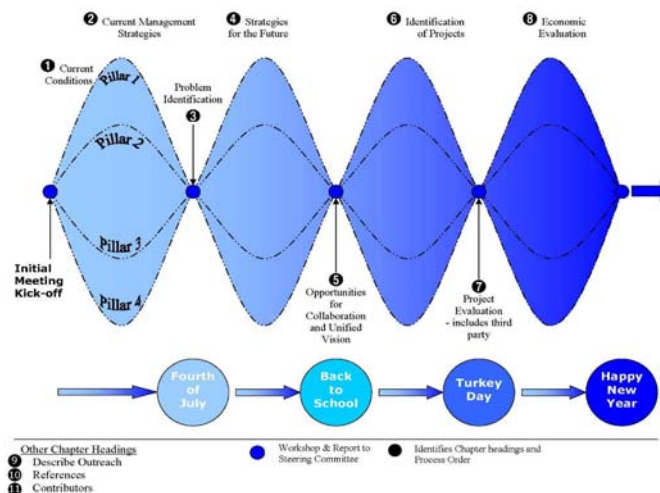

Pillars (Subject Area Experts)

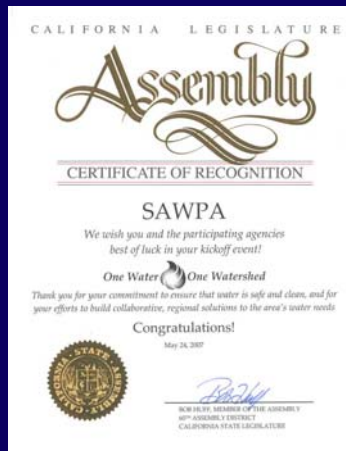

Water supply reliability
 Water quality improvements
 Flood control and stormwater run-off
 Water recycling
 Environmental enhancement and habitat
 Water use efficiency
 Climate change
 Land use
 Environmental justice
 Parks, recreation and open space
