

INCLUSIVE ECONOMIC RECOVERY STRATEGY RESOURCES

Federal Funding References – Sector-Based

Funding Opportunity	Granting Agency	Brief Description
Community Economic Development - Community Development Corporations	DHHS	Community Economic Development (CED) is a federal grant program funding Community Development Corporations (CDCs) that address the economic needs of low-income individuals and families through the creation of sustainable business development and employment opportunities. CED awards funds to private, non-profit organizations CDCs, including faith-based organizations and Tribal and Alaskan Native organizations. CED-funded projects create or expand businesses, create new jobs for individuals with low incomes, and leverage funding investments in communities.
Federal Grants		Businesses are eligible for many federal grants. California also provides a weekly e-list of federal grant opportunities here.
FY 2020 Public Works and Economic Adjustment Assistance Programs Notice of Funding Opportunity (PWEAA NOFO)	EDA	EDA's Public Works and Economic Adjustment Assistance (EAA) programs provide economically distressed communities and regions with comprehensive and flexible resources to address a wide variety of economic needs. Projects funded by these programs will support work in Opportunity Zones and will support the mission of the Department by, among other things, leading to the creation and retention of jobs and increased private investment, advancing innovation, enhancing the manufacturing capacities of regions, providing workforce development opportunities, and growing ecosystems that attract foreign direct investment. Through the PWEAA NOFO, EDA solicits applications from applicants in order to provide investments that support construction, non-construction, planning, technical assistance, and revolving loan fund projects under EDA's Public Works program and EAA programs (which includes Assistance to Coal Communities).
FY21 Build to Scale (B2S) Program Notice of Funding Opportunity SBIR/STTR	EDA Small Business Association	The Build to Scale Program builds regional economies through scalable startups through the Venture Challenge and Capital Challenge. The SBIR and STTR programs fund a diverse portfolio of startups and small businesses across technology areas and markets to stimulate technological innovation, meet Federal research and development (R&D) needs, and increase commercialization to transition R&D into impact.
Youth Build	US Department of Labor	YouthBuild is a community-based pre-apprenticeship program that provides job training anYouth learn vocational skills in construction, as well as in other in-demand industries that include health care, information technology, and hospitality. Youth also provide community service through the required construction or rehabilitation of affordable housing for low-income or homeless families in their own neighborhoods. Youth split their time between the vocational training work site and the classroom, where they earn their high school diploma or equivalency degree, learn to be community leaders, and prepare for postsecondary training opportunities, including college, apprenticeships, and employment. YouthBuild includes significant support systems, such as a mentoring, follow-up education, employment, and personal counseling services; and participation in community service and civic engagement.d educational opportunities for at-risk youth ages 16-24 who have previously dropped out of high school.
