Report Suspicious

Greetings,

Attached is a letter of support for the Greenprint from environmental organizations. Please distribute to the EEC members in advance of tomorrow's meeting.

Thanks,

Melanie

RE: Support to Advance the SoCal Greenprint

Dear Chair Robertson and Committee Members:

The following organizations urge the Energy and Environment Committee to recommend the SoCal Greenprint for advancement to the Regional Council.

Completing the Greenprint allows SCAG to meet its mitigation measure identified in the Program Environmental Impact Report/Statement, supports goals in the 2020 Connect SoCal Plan, and aligns with the recently adopted Regional Advance Mitigation Program policy framework. This tool will help local jurisdictions, transportation agencies, developers, non-profits, and the public better understand the relationship between planning and the natural environment.

We urge your yes vote on this agenda item.

Sincerely,

Michael Wellborn
 President
