SCAG,

SCAG needs to support expanded access to affordable housing and affordable e-mobility with REAP 2.0 funds.

SGV has 3 projects that should be funded:

Affordable Housing  
E-Bike Share Program  
Housing Incubator

These are fantastic projects that make a difference - they are ready to go and this funding will have an immediate and large impact.

You must continue to help these projects...

Thank you!

Mike

Report Suspicious

Executive Director Ajise and SCAG staff,

As a resident of Southern California concerned by the high cost of living in our region, I urge SCAG to support the implementation of awarded REAP 2.0 projects to expand access to affordable housing and affordable e-mobility.

The San Gabriel Valley was fortunate to be awarded (3) innovative projects:

\$5 million in Programs to Accelerate Affordable Housing (PATH) funds for the SGV Regional Housing Trust Revolving Loan Fund;

\$2.6 million of County Transportation Commission Partnership Program funds for the Enhanced GoSGV E-Bike Share Program and

\$1.5 million of Subregional Program 2.0 funds for the SGV Housing Incubator.

Each project would have a positive impact and build on success. Please prioritize these critical 'shovel ready' projects in the San Gabriel Valley for funding.

Thank you for your consideration and commitment to healthier, more sustainable communities.

Report Suspicious

Executive Director Ajise and SCAG staff,

I am a resident of Southern California, and I am deeply concerned about the high cost of housing, homelessness, and climate change. I urge SCAG to support the implementation of three REAP 2.0 projects that will help us address these serious issues.

The San Gabriel Valley was fortunate to be awarded (3) innovative projects:

\$5 million in Programs to Accelerate Affordable Housing (PATH) funds for the SGV Regional Housing Trust Revolving Loan Fund;

\$2.6 million of County Transportation Commission Partnership Program funds for the Enhanced GoSGV E-Bike Share Program and

\$1.5 million of Subregional Program 2.0 funds for the SGV Housing Incubator.

Each project would have a positive impact and build on success. Affordable housing is always important, and the e-bike program in particular has a chance to make an impact at a moment like this when there is strong interest in biking and there are plans to add many bike lanes throughout the San Gabriel Valley and Los Angeles. Please prioritize these critical 'shovel ready' projects in the San Gabriel Valley for funding.

Thank you for your consideration and commitment to healthier, more sustainable communities.

The San Gabriel Valley was fortunate to be awarded (3) innovative projects: \$5 million in Programs to Accelerate Affordable Housing (PATH) funds for the SGV Regional Housing Trust Revolving Loan Fund; \$2.6 million of County Transportation Commission Partnership Program funds for the Enhanced GoSGV E-Bike Share Program and \$1.5 million of Subregional Program 2.0 funds for the SGV Housing Incubator. Each project would have a positive impact and build on success. Please prioritize these critical 'shovel ready' projects in the San Gabriel Valley for funding. Thank you for your consideration and commitment to healthier, more sustainable communities.

Executive Director Ajise and SCAG staff,

As a resident of Southern California concerned by the high cost of living in our region, I urge SCAG to support the implementation of awarded REAP 2.0 projects to expand access to affordable housing and affordable e-mobility.

The San Gabriel Valley was fortunate to be awarded (3) innovative projects:

\$5 million in Programs to Accelerate Affordable Housing (PATH) funds for the SGV Regional Housing Trust Revolving Loan Fund;

\$2.6 million of County Transportation Commission Partnership Program funds for the Enhanced GoSGV E-Bike Share Program and

\$1.5 million of Subregional Program 2.0 funds for the SGV Housing Incubator.

Each project would have a positive impact and build on success. Please prioritize these critical 'shovel ready' projects in the San Gabriel Valley for funding.

Thank you for your consideration and commitment to healthier, more sustainable communities.

Report Suspicious

Executive Director Ajise and SCAG staff,

As a resident of Southern California concerned by the high cost of living in our region, I urge SCAG to support the implementation of awarded REAP 2.0 projects to expand access to affordable housing and affordable e-mobility.

The San Gabriel Valley was fortunate to be awarded (3) innovative projects:

- \$5 million in Programs to Accelerate Affordable Housing (PATH) funds for the SGV Regional Housing Trust Revolving Loan Fund;
- \$2.6 million of County Transportation Commission Partnership Program funds for the Enhanced GoSGV E-Bike Share Program and
- \$1.5 million of Subregional Program 2.0 funds for the SGV Housing Incubator.

Each project would have a positive impact and build on success. I've been a personal beneficiary of the GoSGV E-Bike Share Program -- I was able to rent an electric cargo bike, which helped me realize that I could replace many local car trips with an electric cargo bike. Since returning my rental, I bought my own electric cargo bike, which has saved hundreds of vehicle miles traveled in only a few months. This benefits my own health, my own pocketbook, as well as the health and well-being of my fellow SGV community members.

Thank you for your consideration and commitment to healthier, more sustainable communities.

Best,  
Elliott

Executive Director Ajise and SCAG staff, As a resident of Southern California concerned by the high cost of living in our region, I urge SCAG to support the implementation of awarded REAP 2.0 projects to expand access to affordable housing and affordable e-mobility. The San Gabriel Valley was fortunate to be awarded (3) innovative projects: \$5 million in Programs to Accelerate Affordable Housing (PATH) funds for the SGV Regional Housing Trust Revolving Loan Fund; \$2.6 million of County Transportation Commission Partnership Program funds for the Enhanced GoSGV E-Bike Share Program and \$1.5 million of Subregional Program 2.0 funds for the SGV Housing Incubator. Each project would have a positive impact and build on success. Please prioritize these critical 'shovel ready' projects in the San Gabriel Valley for funding. Thank you for your consideration and commitment to healthier, more sustainable communities.

Report Suspicious

Dear Esteemed Executive Director Ajise and the Illustrious SCAG Team,

In the vibrant tapestry that is Southern California, where the sun kisses the sea and mountains embrace the sky, I find myself—a resident deeply enchanted yet increasingly burdened by the spiraling costs that cast a shadow over our picturesque region. Today, I extend a heartfelt plea for SCAG's robust backing of the REAP 2.0 initiatives that promise to weave threads of affordability and accessibility into the fabric of our lives, particularly in the realm of housing and e-mobility.

Within the fertile grounds of the San Gabriel Valley, a beacon of innovation, we've been bestowed with three groundbreaking projects:

- A bountiful \$5 million from Programs to Accelerate Affordable Housing (PATH) to enrich the SGV Regional Housing Trust with a Revolving Loan Fund that promises homes as warm as our California sun;
- A generous \$2.6 million infusion from the County Transportation Commission Partnership Program to turbocharge the GoSGV E-Bike Share Program, pedaling us towards greener horizons; and
- A visionary \$1.5 million from Subregional Program 2.0 for the SGV Housing Incubator, a crucible for nurturing the seeds of future housing solutions.

Each project is a stepping stone towards a utopia where affordability and sustainability dance in harmony. I implore you, with the fervor of our famed wildfires, to prioritize the funding for these pivotal, shovel-ready endeavors in the San Gabriel Valley.

Thank you for your unwavering commitment to sculpting healthier, more sustainable communities—a mission as noble as the California redwoods and as essential as the air we breathe.

With deepest gratitude and high hopes, George

Report Suspicious

Dear SCAG:

As a Southern California resident deeply concerned about our high living costs, I implore SCAG to endorse the activation of REAP 2.0 awarded projects. These initiatives aim to improve access to both affordable housing and sustainable e-mobility options.

The San Gabriel Valley has been awarded three groundbreaking projects:

- A \$5 million investment in the SGV Regional Housing Trust Revolving Loan Fund;
- \$2.6 million towards enhancing the GoSGV E-Bike Share Program;
- and \$1.5 million for the SGV Housing Incubator.

Each of these projects promises to deliver significant benefits and continue our region's track record of success.

I strongly advocate for prioritizing these essential, ready-to-go projects in the San Gabriel Valley for financial support.

Thank you for your dedication to fostering healthier, more sustainable communities.

Sincerely,

Michael Salazar
